ABOUT US

ANU WATER TREATMENT

Here at ANU Water Treatment, welcome! We had a mission when we first arrived in Ahmedabad, Gujarat. Our goal was to offer options for clean water. It was our founder's vision. Many have problems with water quality and shortage. We choose to address these issues. Small systems were our starting point. Our dedication to excellence makes us unique. Our reputation developed over time. We now service customers all around India. We continue to be equally committed. We create and adjust. We remain abreast of market developments.

● Our Expertise

Water treatment systems are our area of expertise. Filtration, desalination, and purification equipment are among our offerings. We serve commercial, industrial, and residential clients. Our knowledgeable staff creates unique solutions. They are aware of various needs. They guarantee peak effectiveness and performance.

● Cutting-edge Technologies

We make use of cutting-edge technologies. We use the most recent advancements in our systems. Our main concern is sustainability. We use as little energy and garbage as possible. We provide environmentally friendly options.

● Our Quality

Our first concern is quality. We find the greatest resources. We follow global guidelines. We promise dependability and toughness. Our customers have faith in us. We create enduring connections.

● Our Team

Our objective is client pleasure. We provide top-notch post-purchase assistance. Our assistance staff is constantly on hand. We quickly resolve any problems. We offer upkeep and improvements. We guarantee optimal system operation.

ANU-300 Adblue Def Making Machine

- Business Type : Manufacturer, Supplier
- Power Requirements : 12 Kw / 1 Phase/3 Phase
- Project Approx Weight : 1000 kg
- Installation : Free In India With Trial & Training
- Comprehensive Warranty and Support : 01 Year Limited
- Grade Standard : ISO

ANU-600 Adblue Def Making Machine

- Business Type : Manufacturer, Supplier
- Automatic Grade : Automatic
- Capacity : 6000 LTR IN 10 HOUR
- Country of Origin : Made in India
- Grade : ISO
- Power Requirements : 15 KW / 1 PHASE/3 Phase
- Project Approx Weight : 1500 kg
- Installation : Free In India With Trial & Training

ANU-1000 Adblue Def Making Machine

- Business Type : Manufacturer, Supplier
- Capacity : 10000 LTR IN 10 HOUR
- Power Requirements : 25 KW /3 Phase
- Project Approx Weight : 2000 kg
- Installation : Free In India With Trial & Training
- Comprehensive Warranty and Support : 01 Year
- Grade Standard : ISO

ANU-2000 Adblue Def Making Machine

- Business Type : Manufacturer, Supplier
- Automatic Grade : Automatic
- Capacity : 18000 LTR IN 10 HOUR
- Country of Origin : Made in India
- Grade : ISO
- Power Requirements : 40 KW / 1 PHASE/3 Phase
- Project Approx Weight : 3000 kg
- Installation : Free In India With Trial & Training
