## About Us

SRIVASAVI is incorporated in the year 2002, we introduce ourselves as Manufacturer and Exporter of Industrial Specialty Adhesive Tapes, we are evolved as a solution provider for adhesive tapes application, we make adhesive tapes out of Films, Foams, Fabrics, foil, paper, etc., We also provide customized application-oriented Die Cuts of adhesive tapes and labels. We make tapes based on Emulsion Acrylic, Solvent Acrylic, Hot Melt, Silicone adhesive, and Natural Rubber Adhesive. We process adhesive tapes and customize Die cuts with different techniques, we have different kinds of converting machines along with different methods to process adhesive tape rolls and die cuts.

We at SATL are backed with a matured, dedicated R&D team. We do value-added engineering along with reverse engineering to satisfy the customer's needs & applications. We provide customized OEM products for Masking tape, Packaging tape, etc.

Today, we serve industries of Automotive, Locomotive, Aeronautics, Speciality Packaging, Electricals & Electronics, HVAC, Wind Energy, Solar Energy, Construction Industries, White Goods, Hygiene, Labels & more…

We are exporting to more than 35+ countries.

Our People Our professionals have complete knowledge about their industry and can manage the team with motivating forces. Our team of professionals includes engineers, quality inspectors and other related workforce. Also, we organize frequent training sessions for our team which help them in staying updated with the advancements in the industry.

Vision and Mission We always look forward to offer our customers with cutting edge products and solutions in a timely and cost-effective way. Apart from institutionalizing internal and external customer delight, we are also keen on improving the overall services.

Why Us? We are ahead of our competitors because of :

- Superior quality products
- Reputed client base
- State-of-the-art infrastructure facilities
- Vast industry experience
- Competitive prices
