IMPORTANT INSTRUCTIONS

1. Specifications and weight may differ without sample, according to order.
2. Check the sample and approved it before production, it can't be changed after finalization of approved sample.
3. If we have a query about the design and colour while production, please try to resolve it ASAP, we may ask same question twice in case of doubt to avoid wrong colour or upholstery.
4. Please finalize the material type, quality after finalization of the project.
5. Please finalize the fabric and colour maximum 2-3 days after finalization of the project. The more we delay the more confusing the product will become and cause delivery time delay.
6. Please don't change design, size or finish after it has finalized. We are very quick in execution, changing hurt the production schedule and timeline of the project and also affect other projects as well. An executed thing if changed will attract 50% amount of that product.
7. In your quote be as specific & elaborate as you can; details missing will be assumed most of the time.
8. Please understand that images from Instagram and Pinterest can have different material .Not all chairs on the Social media are comfortable or practical. Also, they have a different price tag sometimes going up to 20 times of what we charge. The images on Social media are clicked in perfect condition and the images are heavily edited (we upload very natural images of our products).It would be harsh to compare all that with the budgeted furniture we are making.
9. A single point of contact is expected from your end, if there are too many people following up or making decision, there will be a mess at the end.
10. We hope you understand that we have projects running simultaneously and each of them have same importance, no order big or small is neglected. Please be true with the timelines, if we get more and proper time, the outcome will be better.
11. Colour may appear different on photography, if you are sending any colour code, please send an image which is available online, and avoid taking photograph.
12. Please provide the Company name, Billing address, delivery address and GSTN in advance. Most of the time the delay in delivery is due to lack of these details.
13. PAYMENT TERMS : 50% advance at the time of confirmation of order and rest 50% before the dispatch of material. Production will start after the receipt of advance payment.

Terms and Condition

1. The Delivery time is around 30-45 working days.
2. Transport charges will be actual amount charged by the transporter, on that day. We shall arrange on behalf of you. Prices will change day by day as per demand supply rule .We are just a medium that arranges transport for you, no principle agent relationship here. You are welcome to book with your own agent.
3. Box packaging not included.
4. Transport damage/theft not covered by us. However we are connected with Delhivery,Royal Cargo Movers and no theft has happened till date. Minor damages may occur if there is no box pack.
5. It is a manual work process, delay due to labor issues, material shortage, sampling time, evolving design can be there, however we try to avoid delays. But we prefer quality over timelines until pushed by the client. We will always inform that the project has been delayed, so as you are prepared.
6. This is certify we have valid registration under GST Act, 2017
7. Goods once sold will not be taken back or exchanged.
8. Rates are fixed and will not be changed after this proposal.
9. Subject to Jodhpur Jurisdiction only.
10. Bill payment only account.
11. E. and O.E.
