Dr. Vinod Bairagi

Dr. Vishala Sharma

VENUE

Dr. Maulana Azad Research Center,
T. V. Center Road, Aurangabad. (M.S.)

ABOUT THE COLLEGE

It is the college founded by Mr. R. G. Sharma, Mr. E. Y. Shinde and Late Prof. N. B. Wathore. These are the common people especially from middle families. They came together and founded an Education Society named as Chetna Shikshan Prasarak Mandal in 1999. It is located at the heart city entitled as Hudco, Aurangabad. It had eco-friendly campus, it imparts education to maximum students with having well qualified teachers. It provides notable academic flexibility to learners. The college has introduced the courses related to modern technology and skill oriented courses. The library has full stocks of Text books & Reference Books in all disciplines, National and International Journals along with online accessment facilities.

It has increasing the number of girls students during last 15 years of the college from the nearby rural area of the College. The college provides facilities to develop students in all fields of life. The college had also made headway in National, International, Sports, curricular and extra co-curricular activists.

ABOUT THE CITY

Aurangabad is the historical city which located in the northern part of Maharashtra state at the western region of India. It is 350 km from Mumbai. It is surrounded by hills. The city is on the banks of Kham River. The city is boasts of Bibi-Ka-Maqbara (6 km), a tomb that has some resemblance to the Taj Mahal. The importance of Aurangabad is great, owing to its proximity with world heritage sites of Ajanta (110 km), Ellora (25 km) caves, Daulatabad Fort (12 km), Panchaki (3 km), Ghrisneshwar temple (26 km). These all sites have Buddhist, Jain, and Hindu temples. The gorgeous handlooms like Himroo, Paithani and Handicraft add to its tourist value.

The best season to visit this place is from the month of October to March. Aurangabad is connected by Air and Train routes with Mumbai, Delhi and Hyderabad. It is about 100 kms from Manmad Junction.

CONFERENCE OBJECTIVES

The proposed conference is expected to discuss on global issues like climate change, global warming, acid rains along with addressing regional issues like loss of biodiversity, landscape degradation, air pollution, water pollution, solid waste pollution and various remedial measures that can be taken to combat these problems. There shall be deliberations on various technical, physical, ecological, biological, political, sociological and economic dimensions of environment in the region. The major objectives of the conference would be to:

- Provide platform to environmentalists, ecologists, eminent scientists, experts, planners and others to share their views and expertise in the respective fields.
- Devise strategies and plans at regional level to deal with these Environmental Problems.
- Bring together all the major stakeholders including researchers, state government, NGO's and locals on one platform to deliberate upon the emerging environmental Issues and finding variable solutions.
