# About Us

Since established in the year 2007, Neelkanth Chemicals has witnessed flourishing growth within a short span of time, under the headship of our Proprietor, Mr. Nikhil. M. Shah. He is a chemical engineer by profession and has immense expertise in this domain.

## **History and Achievements**

We started with the production of potassium chloride in the year 2007. Later on, we developed the plant capacity and evolved ourselves in the manufacturing of various Industrial Chemical, Phosphogypsum Granules and Iron Ore. Presently; we deal in more than 40,000 lab chemicals. We are working over our dream project relating to petroleum industry.

## **Quality Control Policy**

Quality is considered as an integral part of our company. We have integrated quality with technology and fabricate products using superior quality base chemicals that ensure their optimum quality. Besides, we also conduct stringent quality tests so as to serve our clients with pure products.

## **Clientele**

We have spanned our base all over the globe as we assure to provide quality merchandise and expedite deliveries. This has enabled us in stretching our base in the countries like India, Indonesia and Malaysia.
