

THIRUMALA EXPORTS

Thirumala Exports is known as an established manufacturing company from Chennai (Tamil Nadu) that has a strong presence in the agriculture industry of India. We serve as one of the reliable manufacturers and suppliers of superior quality fresh vegetables, and we primarily deal in fresh onions and fresh potatoes. We produce these vegetables using the finest agro seeds as well as organic methods of farming so that the buyers get the matchless vegetables at reasonable prices. All our products comply with the laid quality standards, owing to which they have a huge demand in the national market. Thirumala Exports was established in the year 2014 and since then the company took giant strides in serving the buyers with premium agro products. The foundation

About Us

Thirumala Exports is known as an established manufacturing company from Chennai (Tamil Nadu) that has a strong presence in the agriculture industry of India. We serve as one of the reliable manufacturers and suppliers of superior quality fresh vegetables, and we primarily deal in fresh onions and fresh potatoes. We produce these vegetables using the finest agro seeds as well as organic methods of farming so that the buyers get the matchless vegetables at reasonable prices. All our products comply with the laid quality standards, owing to which they have a huge demand in the national market.

Thirumala Exports was established in the year 2014 and since then the company took giant strides in serving the buyers with premium agro products. The foundation stone of the organization was laid down by Mr. D L. Kumar Proprietor (Proprietor), who works with a vision to delight consumers with the finest products and services.

Quality Assurance

Our team of QA experts keeps a vigil on the quality of the products. Every single piece of product is ensured with proper quality assurance. Ever since our inception, we have been continually improving our quality to serve the buyers better. Use of modern technology, industry standards, timely and quality deliveries, experienced workforce are our specializations.

Why Us

We are widely appreciated for offering the best and nutritious agro products. All our onions and potatoes are grown using the organic method of farming. These onions and potatoes are offered in different sizes to cater to the different needs of the buyers. Here, are the other factors that add to our credibility:

- Prompt delivery
- Cost-effective
- Fair dealings
- Continuous quality improvement
