-2-

Highlights of the Q2 of FY 2012

For the Q2 of the FY2012, the Net Sales of the Company increased by 10.46% as compared to Q2 of the FY2011. In Q2 of the FY2012 Net Sales of the plastics segments increased by 10% i.e. ₹298 Crores vis a vis ₹271 Crores whereas that of the retail segment increased by 14% i.e. ₹54 Crores as compared to ₹47 Crores for the Q2 of the FY2011 making profit of ₹0.79 Crores.

The EBIDTA margin of the plastic division of the Company continued reflecting the path of recovery by achieving a margin of 12.36% as compared to 12.24% in the immediate preceding quarter. The said was achieved due to the volume and value growth of 2% and 10% respectively.

The Company has accounted for unrealized exchange fluctuation loss of ₹1.79 Crores (as against corresponding quarter gains of ₹0.35 Crores) mainly on account of external commercial borrowings. Had such exceptional loss of exchange fluctuation been excluded, then the adjusted PAT of the Company would have shown an increase of 8% as against drop of 4% during the Q2 of FY2012.

During the first half of the current financial year, the Company has incurred approximately ₹40 Crores of capital expenditure.
