#### 50 YEARS OF EXPERIENCE

WACKER SILICONES is one of the world's largest silicone manufacturers with its own research and technical centers around the globe. Every silicone sealant cartridge contains all our experience and expertise. You will notice this during processing – and many years later, when you will still see the excellent result.

#### Further sealant products: WACKER SILICONES CS: Construction Seal WACKER SILICONES GP: General Purpose WACKER SILICONES GM: Glazing & Metal

ELASTOSIL® range of professional application sealants GENIOSIL® N range of STPE hybrid products

#### **DOW CORNING**

Established in 1943 specifically to explore and develop the potential of silicones, Dow Corning is a global leader in silicon-based technology and innovation. We are passionate about silicon technology's versatility, its possibilities and its unique potential to help solve some of the most important challenges facing our world.

Through our Dow Corning® and XIAMETER® brands, we provide performance-enhancing products and solutions to meet the needs of customers in virtually every major industry and to improve the daily lives of nearly a billion of the world's people. More than half of our annual sales are outside the United States.

Dow Corning Corporation is equally owned by The Dow Chemical Company and Corning, Incorporated. Dow Corning also is the majority shareholder in Hemlock Semiconductor Group, which is comprised of several joint venture companies. Hemlock Semiconductor is a leading provider of polycrystalline silicon and other silicon-based products used in the manufacturing of semiconductor devices and solar cells and modules.

Den Braven is a dynamic and entrepreneurial multinational company with about 1 200 enthusiastic employees. We dispatch many millions of canisters and cartridges of sealants, foams, aerosols and other adhesives to construction enthusiasts all around the world. We have grown to 8 production facilities and 25 sales and distribution offices. In addition, we reach near global coverage via a worldwide network of distribution points.

From the outset of the start of the company 1974, Den Braven has specialized in the production of high quality ISO certified sealants, adhesives, foams and technical aerosols for use in the construction industry as well as for a variety of industrial applications. Having experienced strong growth, the company has established itself as market leader in numerous countries. You can find us under our own brand names such as Den Braven, Zwaluw, Hercuseal and Tectane or under the labels of our private label partners.
