Custom Clearance Services

Sathyarav Shipping Agency is the best company for custom clearance services. Customs clearance work involves the preparation and submission of documentation required to facilitate export or imports into the country, representing the client during customs examination, assessment, payment of duty and care-taking delivery of cargo from customs after clearance along with documents.

We handle all trade compliance and processes on your behalf so you can focus on growing your business.

Our goodwill and clean business policies help us ensure speedy clearance of consignments which have arrived by air, sea and land. Our loyal and ever-growing clientele likes us because we're honest, reliable and efficient.

Import Export Services

Are you looking for import-export services? You are in the right place. Our company Sathyarav Shipping Agency is the best. Companies that provide import and export services face the everyday legal provocations of dealing with the laws and rules that govern this industry.

Since each country worldwide has its unique laws that regulate outsourcing of export services and import services, the legality surrounding how a private company deals with these laws can be confusing and overwhelming.

Not being familiar with the laws of a country that you would like to conduct business with often results in imports and exports being held in customs for an indefinite amount of time. Export-import logistics management offers the benefits of having a knowledgeable import-export service provider handle these challenging aspects of your business.
