# XANTHAN GUM

## FOR OIL DRILLING & GAS INDUSTRY

# Company Profile

Backed by more than 11 years of industry experience, we have gained immense reputation in the manufacturing and exporting of Xanthan Gum Oil Drilling Grade (API-13A). Our association with leading and quality conscious manufacturers of Drilling Grade products allows us to successfully handle the emerging product demands in the domestic market. Catering to the variegated requirements of our global clients, we are delivering our quality products in the market which are at par with international quality standards. Timely delivery, cost - effectiveness and state of the art facilities are some of the key factors that enable us to offer qualitative range in stipulated time frame. Further, the team of quality analysts strictly monitor each stage of production procedure to ensure flawless range.

## Properties

- Outstanding viscosity-enhancing property and solubility in water.
- Unique pseudo-plasticity rheological property of xanthan gum makes it high-efficient emulsifier and stabilizer.
- Excellent stability to large range of temperature and pH change.
- Satisfying compatibility with acid, alkaline, brine, enzyme, surface active agent, antiseptic, oxidant and other thickeners.
- Perfect synergistic action when blended with guar gum, locust bean gum and other colloids.

## Type of Xanthan Gum

- Xanthan Gum API-13A Grade
- Xanthan Gum Oil Drilling Grade

## Packing Size

- 25 KGs Paper Bag
- As per customer required

## Shelf Life

- 2 Years
