ABOUT US

Welcome to Swayam Rojgar Industries, your trusted partner in the world of manufacturing machinery. Founded in 2016 by the visionary Mr. Saddam Khan, we are a company based in the vibrant city of Indore, Madhya Pradesh. Swayam Rojgar Industries is dedicated to providing top-quality manufacturing machines to meet a diverse range of industrial needs.

At Swayam Rojgar Industries, we take immense pride in our comprehensive product portfolio, which includes Cotton Wick Making Machines, Incense Stick Making Machines, Notebook Making Machines, Paper Cup Making Machines, Plate Making Machines, Scrubber Packing Machines, Slipper Making Machines, and Dhoop Batti Making Machines. These machines are meticulously designed and engineered to deliver superior performance, durability, and efficiency.

What sets us apart is our unwavering commitment to excellence in manufacturing machinery. We understand the critical role that these machines play in various industries, from enhancing productivity to promoting sustainability. Our state-of-the-art manufacturing facilities are equipped with modern machinery and operated by skilled professionals who ensure that every machine we produce adheres to stringent quality standards.

Swayam Rojgar Industries is not just a manufacturer and supplier; we are a partner in your success. We believe in forging long-term relationships with our customers, built on trust, reliability, and exceptional customer service. Our team of experts is always ready to assist you in selecting the right machinery to meet your specific needs.

Our founder, Mr. Saddam Khan, has been the guiding force behind our company's growth and success. His vision, dedication, and leadership have propelled us to where we are today. Under his guidance, Swayam Rojgar Industries has become a recognized name in the manufacturing machinery industry.

As we look to the future, our commitment to innovation and customer satisfaction remains unwavering. We are constantly exploring new technologies and refining our products to stay at the forefront of the industry.
