

Rexson

PRODUCTS INDIA

"Rexson Products India", has been established more than 40 years ago and we have capacity to manufacture all types of Pressure Gauges, Hydrometers, Hygrometers, Ammonia Charging Pipes, Hoses, Lock set & Hinges, Gaskets, Compressor spare parts, Air curtains, Agitator & Reflex gauge glass, Digital Thermometers, Gas Leakage Detector, Scientific lab Instruments, Heat Recovery Wheels etc.

Ammonia Pressure Gauges

The company is one of the major Manufacturers, Exporters and Suppliers of Ammonia Pressure Gauges in Delhi (India). The Ammonia Pressure Gauges, offered by the company, are one of the widely trusted and demanded Measuring Instruments with $\pm 1\%$ accuracy. The Ammonia Pressure Gauges, which the company offers, are available in a wide variety. The company offers the Ammonia Pressure Gauges can be used in dry and filled Pulsation Dampeners, Gauge Cocks and Gauge Savers.

Features of Pressure Gauges

- Dead weight tester tested gauges
- High quality 304 or 316 SS use in all gauges
- Certified Glycerin used in SS all gauges
- Accuracy : $\pm 1\%$
- Ideal for industrial applications with corrosive environment
- 105 mm SS case (extra diameter)
- Thickness : 3 mm Heavy acrylic glass

Commercial Gauges

We are a trusted Manufacturer, Supplier and Exporter of Commercial Gauges from Delhi, India. The Gauges that we deal in are made using top of the line quality metal and cutting-edge technology so as to lift-up their quality, longevity and reliability. They are mostly demanded by the buyers because of their accuracy and reliability. Buyers can obtain the Gauges from us at rock bottom prices.

Freon Pressure Gauges

The company is widely known as one of the renowned Manufacturers, Exporters and Suppliers of Freon Pressure Gauges in Delhi (India). The Freon Pressure Gauges, offered by the company, are widely used in refrigeration applications for testing, semicing, and charging. The company offers a wide range of Freon Pressure Gauges to the clients. The Freon Pressure Gauges are very accurate and reliable and have $\pm 1\%$ accuracy.

Sikka Type Thermometer

Casing : 4", 8" long, Fibre, Aluminum, V-shaped completely polished,

Gold coloured (silver colour upon request), Numerals or reading scale printed on the right side, printing black colour for easy readability of Glass Thermometer Red Liquid or Mercury Filled.

Immersion/Connection : 1 1/2", 3" as desire made of BRASS or M.S. 1/2" B.S.P, or 3/8" B.S.P.

Range : 0 to 50c, 0 to 100c, 0 to 150c, 0 to 200c, 0 to 250c.

Whirling Thermometer

We are counted among the major Manufacturers, Exporters and Suppliers of Whirling Thermometers in Delhi (India). The Whirling Thermometers, offered by us, are extensively used in the cold storage, refrigeration industries and ice plants. Widely appreciated for their accuracy, the Whirling Thermometers are very well known Measuring Instruments.

Key Specifications of Whirling Thermometers

- Nominal Range : -5 to 50 C or 20 to 120 F
- Case : Special Plastic Case or Wooden Frame
- Glass Thermometer : yellow black lens type imported glass thermometers
- Material : Water reservoir-water proof tetron cloth soft carrying case with nylon string & hygrometric tables

Bi-Metal Thermometer

The company is one of the prominent Manufacturers, Exporters and Suppliers of Bi-Metal Thermometers in Delhi (India). The Bi-Metal Thermometers, offered by the company, are accurate and efficient Measuring Instruments used in a large number of industries. The Bi-Metal Thermometers are made of excellent quality raw materials.

Key Specifications Of Bi-Metal Thermometer

- Dial Size (mm) : 63, 100 & 150 or as per requirement
- Scale Range : 40 to 40, 50, 60, 80, 100, 120, 150, 200, 250, 400, 500 & 600 C or F
- Case & Bezel : Mild steel, Stainless steel, Without Flange, With black Flange or Nickel Plated
- Movement : Brass & SS
- Accuracy (FSD) : +/-2%
- Mounting : Bottom (vertical), Back (horizontal), Surface & Panel
- Connection : 3/4" BSP or NPT, 1/2" BSP or NPT

Wet & Dry Hygrometer

The company is a well-known Manufacturer, Exporter and Supplier of Wet & Dry Hygrometers in Delhi (India). The Wet & Dry Hygrometers, offered by the company, are quality Measuring Instruments which are widely in demand owing to their accurate measurements. The Wet & Dry Hygrometers have a dual scale to measure the temperature and has a decent range of measurements.

Key Specification Of Wet & Dry Hygrometer

- Scale Range : -10 to 50C & 1 to 97% RH (relative humidity)
- Case : 12 or 10 Plastic
- Appearance : Yellow color or Black color
- Accuracy : +/-1%
- Filling : Alcohol or Mercury
- Units : Dual scale (C or F)
- Options : Alcohol (red) or Mercury filled thermometer.

Digital Thermometer

We are functioning as Manufacturer, Exporter and Supplier of Digital Thermometers. We strictly adhere to generally approved norms and standards; thus bringing forth precision-engineered Thermometers. Our Digital Thermometers are acclaimed for compact design, large display for instant indication and excellent battery back up. We deal in different types of Digital Thermometers that are available in different temperature measuring range. All our Digital Thermometers are obtainable at market-leading prices.

Scientific Labs Glassware

Scientific Labs Glassware- Our Laboratory Glassware products are an important part of scientific laboratories wherever the highest quality is required. Our borosilicate glass has a low coefficient of expansion, for resistance to heat, and a very high resistance to chemical attack. Our graduated items are calibrated to meet either Class A or Class B tolerances for use when accuracy is demanded.

a) Glass beakers- are manufactured with uniform wall thickness and offer optimum balance between thermal and mechanical shock. All Science Beakers have large, graduated, metric scale to indicate approximate content.

b) Test Tubes and Culture Tubes are manufactured from tubing that has uniform wall thickness and exacting diameters. Rims are fire polished and smooth; tube bottoms are perfectly formed.

c) Glass Funnels, Buchner and Powder funnels re designed with the scientist in mind for ease of use.

d) Glass Flasks offered here represent economy and versatility and are the choice for general laboratory usage. Heavy reinforced glass, resistance to heat, chemical attach and mechanical shock are features built into these products

Industrial Valves

We are involved in the business of supplying a vast array of Industrial Valves that includes Ammonia Valves & Fittings, In-Line Check Valve, Cast Iron Valves, Safety Valve, etc. These Industrial Valves are widely appreciated for features like durability, high strength, corrosion resistance, dimensional accuracy, etc. We provide these Industrial Valves in different shapes and sizes.

The Main Parameters Of The Series Are :

- Working Temperature: (-50Deg c to 120Deg c)
- Working Pressure: 365 PSI (25 Bar)
- Size Range: 6 to 300 mm.
- Working Media: Ammonia, Freon. Ref. machine oils, neutral gaseous & liquid medium.
- Body: Closed grain cast iron/ Cast steel
- Stem: Mild steel/Stainless steel
- Stem sealing: Asbestos/non asbestos/gland packing
- Hand wheel: C.I./ Mild steel.

Gas Leakage Detector

Gas Leakage Detector that we offer can detect CNG, LPG, CO₂, CFC, NO_x, S₂S, SO₂, O₂, CH₄, H₂, NH₃ etc. We are one of the trusted Manufacturers, Exporters and Suppliers of gas Sensors. We have highly experienced professionals who manufacture Gas Detectors keeping in mind the requirements of different industries. Buyers prefer to buy Gas Leakage Detector from us as we make it available at the best market price.

Compressor Spare Parts

We introduce ourselves as the leading manufacturer and supplier of precision-designed Compressor Spare Parts. To their quality attributes, these fittings are widely accepted by our clients. Apart from this, these products delivered from our end only after checking thoroughly against various quality parameters. In order to meet variegated demands of clients, we provide these fittings in customized options as per their requirements. Housed with all the latest facilities and leveraging on our technical knowledge, we are geared up to produce quality precision parts and components for compressors includes refrigeration spares, air compressor spares.

Compressor Details

"Rexson Products India" Manufacturers & Supply type Refrigeration Compressor Spares, Marine Ship Engine Compressor Spares, Medical Equipment, SKODA, SKL & CKD Generator Piston & Spares, Valve Fitting & Blower products for the past 35 years with multiple high-tech manufacturing units in New Delhi, India.

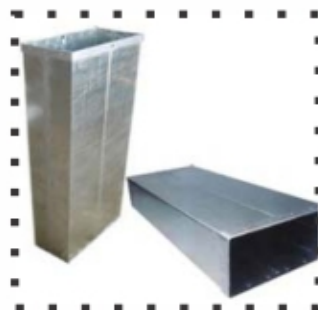

Leading producer of "Hi Speed Compressor" Like Kirloskar Compressor, Grasso Compressor Spare, Sabroe Compressor Spare, Metlax, Tran, Voltas Compressor Spare, Eclips, Freez King, ICE Hill, Volcan, ELGI Compressor Spare, Frick Compressor, K.G Khosla Compressor Spare & SUPER and in Slow Speed Compressor Frick, ICE Hill, Sinco & SUPER Compressor Spares Our products, trusted the world over for its supreme product quality.

Ice Plants Equipment

We are named among the renowned Manufacturers, Exporters and Suppliers of Ice Plant Equipment. Manufactured under the strict vigilance of experts, we make available Ice Plant Equipment in different types such as Ice Crusher and Ice Cans. We conduct stringent quality tests on the equipment so as to ensure that only the defect-free product reaches the customers' end. It can be obtained from us at the best market price.

Medical Freezer Thermometer (ILR/DF)

The Freezer Thermometers that we make are designed in adherence with WHO/UNICEF standards. Proper storage & handling of vaccines has pivotal role in maintaining the quality of vaccines. They are commonly used for temperature monitoring in refrigerators, cold boxes, vaccine carriers Band many other applications.

Specifications & Features :

Temperature range : -40C to +50C & -50C to +50C

External dimensions : 165x25x13mm

External materials : Plastic case

Accuracy : +/- 0.5~1 Degree

Quality Standards : As per International quality Standards. Long durability, rugged built, accuracy and reliable performance.
