

KIRAN HYDRAULICS

Located in Mumbai (Maharashtra), we, Kiran Hydraulics, are a reputed manufacturer, supplier, trader, and exporter of a wide range of hydraulic products. Since our inception in 1995, we have been boasting a mark of excellence in this industry. We implement advanced manufacturing technologies and use the best grade components to develop a wide array of machines including hydraulic pile breaker machines, hydraulic rubber molding machines, auto rickshaw pin machines, hydraulic shearing machines, plate rolling machines, plate bending machines, pipe bending machines, hydraulic pile breaker machines, Busbar bending machines, hydraulic press machines, etc.

About Us

Located in Mumbai (Maharashtra), we, Kiran Hydraulics, are a reputed manufacturer, supplier, trader, and exporter of a wide range of hydraulic products. Since our inception in 1995, we have been boasting a mark of excellence in this industry. We implement advanced manufacturing technologies and use the best grade components to develop a wide array of machines including hydraulic pile breaker machines, hydraulic rubber molding machines, auto rickshaw pin machines, hydraulic shearing machines, plate rolling machines, plate bending machines, pipe bending machines, hydraulic pile breaker machines, Busbar bending machines, hydraulic press machines, etc.

The offered machine range is unmatched in terms of durability, design, and functionality and comes with advanced features. Along with expanding our business all over India, we have established a significant presence in the overseas markets of Kuwait, Saudi Arabia, Dubai, Mauritius, Egypt, Libya, and other countries of the world.

Our Infrastructure and Team

Owing to our state-of-the-art infrastructure, we are able to bring a supreme quality hydraulic machine range to the market. This unit is well-facilitated with all the necessary machines and tools that support us to produce products in massive quantities and meet the rising demand of our customers across the globe. In order to handle all our business activities starting from procurement, production, research & development, to quality testing, warehousing, sales & marketing, etc., we have employed a team of dexterous professionals.

Our Key Strengths

We are one of the eminent names in this industry and have adopted cutting-edge business strategies and techniques for our business. Our premium grade products, professional team, advanced manufacturing facilities, robust product design, top-notch distribution network across the world, affordable pricing policy, and assured customer satisfaction are the key strengths that drive our company's success

Our Product

3 Roller Pipe Bending Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Usage	:	Industrial
Raw Material	:	Steel Bar
Max Bending Degree	:	360 Degree

Motorised Pipe Bending Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Feature	:	Easy To Operate, High Performance
Max Bending Radius(mm)	:	200-250
Layout	:	Horizontal

Manual Pipe Bending Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Max Bending Radius(mm)	:	200-250
Layout	:	Horizontal
Material	:	Iron

Aluminium Copper Busbar Bending Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Width	:	12 Millimeter (mm)
Weight	:	35 Kilograms (kg)
Type	:	Hydraulic

Copper Busbar Bending Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Width	:	12 Millimeter (mm)
Height	:	150 Millimeter (mm)
Length	:	Length 1100 Millimeter (mm)

Hydraulic Busbar Bending machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Warranty	:	1 year
Height	:	700 Millimeter (mm)
Length	:	800 Millimeter (mm)

Our Product

C Type Hydraulic Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Type	:	Hydraulic
Material	:	Stainless Steel
Operating Mode	:	Automatic

Double Action Deep Draw Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Trader
Type	:	Pressing Machine
Warranty	:	2years
Usage	:	Industrial

H Type Hydraulic Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Structure	:	Fabricated
Size	:	Up to 250 Ton
Body Material	:	Steel

Hand Operated Hydraulic Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Voltage	:	220V
Automatic Grade	:	Manual
Power	:	1-3kw

Hydraulic Baling Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Power	:	30 kW
Voltage	:	220 V
Material	:	Mild Steel

Hydraulic Compression Moulding Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Type	:	Hydraulic
Material	:	Stainless Steel
Operating Mode	:	Automatic

Our Product

Hydraulic Deep Draw Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Voltage	:	220V
Operating Mode	:	Automatic
Packaging Type	:	Carton Box

Hydraulic Press Brake Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Type	:	Hydraulic
Material	:	Stainless Steel
Operating	:	Mode Automatic

Motorised Hydraulic Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Material	:	Stainless Steel
Warranty	:	1 Year
Operating Mode	:	Automatic

Power Operated Hydraulic Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Voltage	:	220V
Automatic Grade	:	Automatic
Power	:	1-3kw

Hydraulic Scrap Baling Press Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Warranty	:	2year
Power	:	15 kW
Material	:	Mild Steel

Hydraulic Pile Breaker Machine

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Trader
Size	:	500 to 2000mm
Material	:	Mild Steel
Usage/Application	:	Industrial

Our Product

Hydraulic Tyre Baling Machine

Business Type : Manufacturer, Exporter, Supplier,
Retailer, Trader
Body Material : Steel
Force : Hydraulic
Control Type : CNC

Hydraulic Rubber Moulding Machine

Business Type : Manufacturer, Exporter, Supplier,
Retailer, Trader
Voltage : 220 V
Finishing : Polished
Automatic Grade : Automatic

Hydraulic Bus Bar Punching Machine

Business Type : Manufacturer, Exporter, Supplier,
Retailer, Trader
Type : Pin Machine
Driven Type : Hydraulic
Warrenty : 1 Year

Hydraulic Shearing Machine

Business Type : Manufacturer, Exporter, Supplier,
Retailer, Trader
Driven Type : Hydraulic
Range : 3 mm to 25 mm
Length : 1250 mm to 7000 mm

Plate Rolling Machine

Business Type : Manufacturer, Exporter, Supplier,
Retailer, Trader
Usage : Industrial
Size : 2000x500mm
Speed : 15 m/s

Hydraulic Plate Rolling Machine

Business Type : Manufacturer, Exporter, Supplier,
Retailer, Trader
Material : Stainless Steel
Warranty : 1 Year
Usage : Industrial
