Manoj Process is a leading name in the Indian name plate industry, based in Coimbatore, Tamil Nadu, with a legacy of manufacturing excellence stretching over 25 years. The company specializes in producing all types of name plates—including aluminium, stainless steel, brass, anodized, engraved, barcode and QR code, and serial-numbered plates—designed for durability, precision, and aesthetic appeal. We are trusted service provider specializing in printing and anodizing services for name plates. We offer high-quality customization, durability, and expert finishing on aluminium, stainless steel, brass, acrylic, and wooden plates. Our services include multicolor metal printing, text and pattern printing, UV printing, and engraving—suitable for homes, offices, industries, and commercial spaces. With fast turnaround, we deliver plates in diverse shapes, sizes, and finishes. Our anodizing services ensure weatherproofing, corrosion resistance, and visual appeal, with options like matte or gloss finishes for lasting performance.
