

# VPR SCRAP

Located in Dharmapuri (Tamil Nadu), we, VPR Scrap, are a newly-formed organization that is engaged in supplying and exporting a unique range of glass scrap including cullet glass scrap, PET Bottle Flakes, PVC Pipe Scrap, Metal Scrap, PET Bottle Scrap, Corrugated Box Scrap, Rigid PVC Tray Scrap and Electric Wire Scrap. We are linked up with some trusted and renowned vendors who provide us with genuine products to support us in maintaining our supply chain. Processed using advanced machinery and tools our cullet glass scrap range is highly suitable for diverse applications in different industries. Our offered glass scrap can be used in different construction applications including aggregate replacement in concrete, cement replacement, pavements, roadbeds, drainage mediums, trench fill, etc., and can also be used in making abrasives, additives/fluxes, fiberglass insulation, and foam insulation, etc.

# About Us

Located in Dharmapuri (Tamil Nadu), we, VPR Scrap, are a newly-formed organization that is engaged in supplying and exporting a unique range of glass scrap including cullet glass scrap, PET Bottle Flakes, PVC Pipe Scrap, Metal Scrap, PET Bottle Scrap, Corrugated Box Scrap, Rigid PVC Tray Scrap and Electric Wire Scrap. We are linked up with some trusted and renowned vendors who provide us with genuine products to support us in maintaining our supply chain. Processed using advanced machinery and tools our cullet glass scrap range is highly suitable for diverse applications in different industries. Our offered glass scrap can be used in different construction applications including aggregate replacement in concrete, cement replacement, pavements, roadbeds, drainage mediums, trench fill, etc., and can also be used in making abrasives, additives/fluxes, fiberglass insulation, and foam insulation, etc.

We are proud to have a team of energetic and proficient individuals working with us. They work closely with the vendors from whom we procure our glass scrap. They carefully select, segregate, and procure the glass scrap range from them and shift it to our storage facility. With the cooperation of our zealous workforce, the organization is functioning with a determined approach toward getting our business goals accomplished in a timely manner.

We have a spacious storage unit where the procured glass scrap is stored. We pay attention to keeping our storage unit well-maintained and clean so as to keep the glass scrap in proper condition. Additionally, the organization is committed to making on-time deliveries and operates with a sound distribution network across the world
