# About Us

# Param Energy

Welcome to PARAM ENERGY, your trusted partner in sustainable and eco-friendly energy solutions. Established in the year 2020 in Dharwad, Karnataka, we are a Partnership Firm committed to manufacturing high-quality Groundnut Shell Briquettes, Sawdust Briquettes, and more. Our products have quickly gained recognition in the market for their premium quality and affordability.

At PARAM ENERGY, we are driven by a deep commitment to environmental sustainability. We understand the importance of responsible energy sources and aim to provide clean and efficient alternatives. Our focus on renewable energy solutions is aligned with the growing global demand for eco-friendly and cost-effective options.

Our product range includes Groundnut Shell Briquettes, which are an excellent source of biomass energy, and Sawdust Briquettes, which offer a sustainable way to utilize wood waste. These briquettes are designed to be efficient, clean-burning, and suitable for a variety of applications, including cooking, heating, and more.

We take pride in our ability to meet the diverse needs of our customers while promoting environmentally conscious choices. By choosing our briquettes, you are not only accessing high-quality energy sources but also contributing to a greener and cleaner planet.

One of our core values is ensuring timely product delivery to our clients. We understand that reliable and prompt service is crucial, and we are dedicated to fulfilling our commitments to our customers.

PARAM ENERGY was founded in 2020 by Mr. Aatish Jain, whose vision and dedication have been instrumental in our journey. Under his leadership, we have rapidly expanded our presence and gained a significant client base in the market.

As we look to the future, our commitment to innovation, sustainability, and customer satisfaction remains unwavering. We are continuously exploring new avenues in the field of renewable energy to provide our customers with the best and most cost-effective solutions.
