Established in the year 2021, Dhanlaxmi Metal Alloys Industries in Mumbai (Maharashtra) is a top player in the category of stainless steel products, nickel alloy products, aluminum products, titanium products, Hastelloy products, and Inconel products. Our product range includes bars, coils, sheets, flanges, pipes, rods, tubes, elbows, tees, bolts, wires, angles, and circles made from stainless steel, nickel alloy, titanium, Hastelloy, Inconel, etc. We are serving customers across Bangalore as well as different cities in India.

We believe that complete customer satisfaction is as essential as our products. This helped us garner a huge base of customers, which continues to grow by the day. We have a sophisticated infrastructure that is equipped with the latest amenities. Our manufacturing facility is loaded with an innovative set of machines for producing a defect-free range of products. We have a quality control cell for checking manufactured goods on various chemical and physical parameters. Our products are appreciated by our clients for being dimensionally precise, non-corrosive, durable, resistant to wear & tear, seamless in terms of finish, and effective in performance.

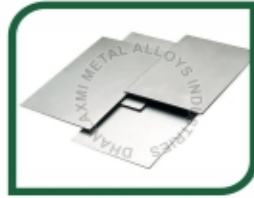

We follow advanced techniques of packaging for ensuring the safety of the products during transportation over long distances. At Dhanlaxmi Metal Alloys Industries, there are employees who are dedicated to their respective roles and give their best to achieve the business goals of the company. In the near future, we aim to expand our line of products to cater to the diverse requirements of clients across various industries
