Anmor overseas venture private limited, India are an eminent organization that trades, supplies, wholesales and exports an extensive array of Natural Stones. These products are manufactured using supreme grade raw material at our vendors' state-of-the-art manufacturing unit. Latest machines and equipment are employed in the manufacturing process following standards & norms of the industry. Available in variegated sizes, textures, finishes and thicknesses; our range is in compliance with international quality standards.

We have recruited a diligent team of professionals, which greatly supports us in all the activities of trade. Post-procurement, the experienced quality controllers appointed by us stringently inspect these products on certain parameters so as to ensure their flawlessness. Furthermore, our logistics personnel make sure that the consignments are timely delivered at customers' destination using easy modes of transportation. Due to these factors, we have garnered a vast & loyal clientele across the world.

We are looking for queries from Overseas Countries like UK, US, Australia, China, Denmark, France, Netherlands, New Zealand & Norway.

Under the notable tutelage and constant motivation our mentor, 'Mr. Satishjeyan Subashini', we have attained a commendable position in the market. His brilliant managerial skills, in-depth knowledge and zeal to maximize satisfaction level of clients have enabled us to carve a remarkable niche in the industry. We export our products to Indian Subcontinent.
