SOLAR IS THE **FUTURE**

Lets Make a Better Tomorrow With
SOM ENERGY SYSTEMS

FOREWORD

Dear Reader,

The need is now. To make a change. To create a better tomorrow. To sustain it. Therefore with much hope & enthusiasm I welcome you in your solar journey with us.

I cannot stress enough when I say that harnessing the solar power is the best way possible that can benefit you as well as will be beneficial for the environment. The increasing amount of carbon emission is just going to get worse. The time to act is now!.

My question is simple. Why use the energy of the grid; when you can make your own?. We at som energy have been in this field for more than 20 years. With our expertise, we have been able to create various solar solutions for your every need.

Som Energy Systems is authorized to install any capacity of plant and also with the government standards and regulations. We provide you with everything you'll need to select a solar energy plan that's right for your business, including facts and figures supporting the expected outcome a solar energy system will have on your overall costs, and projecting when your new system will "pay for itself" in energy savings.

We're confident that our qualifications and experience in the solar energy field will meet your needs, and we look forward to working with you to make your workplace & buildings rooftops generating power for you.

Sincerely

Bhavik Chauhan
Business Head

WHAT OUR CUSTOMERS SAY

We are glad to partner with Som Energy Systems through our Amicus Solar Cooperative, on this portfolio. Som Energy Systems has demonstrated that customer satisfaction is a priority, and we look forward to additional partnership opportunities in the future.

Rajesh Shah

Founder, Surti Sweets & Snacks, Padra

They gave me all of the information I needed and I am very glad I chose to go to this company. Everyone was very friendly. They offer good prices and it will pay for itself. I am extremely happy with my purchase and strongly recommend you to get solar from this company too.

Kajal Dutta

Executive Director, Srotoshvani Trust, Lasundra

Green energy has always been on our radar and we are happy to have partnered with Som Energy Systems, a front runner in this regard. Their proven record of expertise in such projects has been reinforced with this plant. Apart from providing energy solutions, this project will also create employment opportunities for the locals
