Nubra Berry

Nubra Berry is a quality-driven manufacturing and supplying company established in 2022, located near Diskit Bus Stand, Leh (Ladakh), India. Rooted in the pristine Himalayan region, the company specializes in offering premium natural and wellness-based products sourced from high-altitude environments known for their purity and richness.

Operating as a Manufacturer and Supplier across Pan India, Nubra Berry provides a carefully curated range of Natural Oils, Dried Fruits & Nuts, Superfood Ingredients, and Himalayan Shilajit Resin. Our products are valued for their authenticity, nutritional benefits, and natural processing methods. The unique climatic conditions of the Himalayan region contribute to the superior quality, potency, and purity of our offerings.

At Nubra Berry, we are committed to maintaining strict quality standards throughout sourcing, processing, packaging, and distribution. Our products are handled hygienically to preserve their natural properties, aroma, and nutritional value. We emphasize minimal processing techniques to retain the original essence and health benefits of each ingredient.

Our Sea Buckthorn Fruit Pulp is processed using advanced extraction techniques to preserve its natural nutrients, flavor, and aroma. It contains high levels of Vitamin C, Vitamin E, Omega fatty acids, carotenoids, and flavonoids that support immunity, skin health, and overall wellness. Due to its powerful antioxidant properties, sea buckthorn pulp is increasingly used in functional foods, health drinks, dietary supplements, jams, sauces, and skincare formulations.
