ACKNOWLEDGEMENT LETTER

Date: 30/09/22

To
The Partners,
M/s. Mechanical Engineering Industries
113A, Manohar Das Katra, 2nd Floor,
Kolkata – 700007

Dear Sir,

It has been a pleasure to have dealt with you numerous times for our requirement of Iron & Steel requirements and we have high regard for the quality of service you provide us with.

Mechanical Engineering Industries has never failed to accommodate us and has supplied us huge order quantities even in short notice.

We place our working relation with Mr. Pradip Jalan in high regard. He has amazing sales skills and has often convinced us to procure materials when the rates are down during low-season time.

The quality of materials is well tested and suits to our requirement and fit for consumption for a concern like us. We appreciate that you almost always have ready stock of all products and sizes.

Here's to a bright future we know you will build for yourself.

Yours faithfully,
For ASP PVT. LTD,
