LETTER OF RECOMENDATION

For: M/s. Mechanical Engineering Industries

Date: 26/09/2022

Dear Sir,

We are pleased to issue to you this letter of recommendation.

You are integral in our supply chain and enable us to continue to our manufacturing and supply for our customers.

We depended on your supply during COVID times for raw materials to continue our manufacturing process and we are grateful that you supported us in every way possible.

There has never ever been a quality complaint regarding the materials supplied by you. Dealing with you has always been a hassle-free procurement experience.

We appreciate your salesmanship and the tolerance. Mr. Pradip Jalan & Mr. Chetan Jalan, both have personally visited our works to get a better understanding of the our usage of iron and steel. Gestures like these forges a relationship which lasts generations.

We pray to the god for your growth and prosperity so that you can provide services to the customers like us in a better way.

Thanking you.
