Edoburg[®]
PIPING SYSTEMS

About Edoburg

Edoburg, an ISO 9001 certified company, specialises in supplying high-quality piping systems and bath wares that consistently meet stringent international standards, ensuring unparalleled performance of the piping systems. Our experienced team, equipped with extensive technical knowledge, coupled with our efficient operations and fast turnaround time, enables us to provide top-tier supply of piping products tailored to your needs.

Our Mission

Edoburg's mission is to supply high-quality piping systems worldwide, offering a complete solution that meets international standards to ensure superior performance in every project.

Complete Solution Concept

Our wide range of products represent our complete solution concept.

With our products intended for diverse sectors, we offer individual and comprehensive system solutions. Focusing on the needs of projects and entire system.

We provide high standards of products in the market at all times. We always stand by our piping systems and reliable service network.

As a global pipe and bathware supplying company that stands out with successful operations ever since our incorporation, we act as a solution point to meet all your needs based on our technical knowledge, specialization and reliability.

Quality Assurance

We are committed to excellence in every aspect of our operations. The products we supply comply with the international standards and certifications, ensuring reliability, durability, and safety in every application. With Edoburg, you can trust that you're receiving top-notch piping solutions that meet your specifications and exceed your expectations.

Our Presence in the World

Our warehousing are strategically located in various places in **India**, **Vietnam** and **China**, to ensures efficient distribution of the products. We ensure fast deliveries with our modern logistics partners deployed at our local distribution hubs which are strategically located near the ports to ease the export of products. Edoburg Piping Systems exports its products all over the world.

Our Market Segments

Based on our experience and high-quality standard of products in the sector, Edoburg Piping Systems supports its clients with a complete piping solutions for every project requirement.

- Chemical and Petrochemical
- Water and Wastewater
- Mining and Mineral Processing
- Power Generation
- Marine and Offshore
- Building and Construction
- Manufacturing Industries

Our Products Details

All our products are certified as per:

EXQUISITE FINISH

All Enloa Faucet Collection and accessories are made with triple plated finish and hand polished to perfection.

INTERNAL FITTINGS

Enloa Internal fittings are made of Brass, which has high tensile strength & is corrosion resistant. With an Extraordinary life of 300000 cycles.

AERATOR

For a splash free stream with water-saving technology and easy clean silicone construction that eliminate lime & scale build up.

Enloa is proud to offer fittings engineered for a 10 years warranty* See Warranty Terms

RAW MATERIAL

The faucet body & handle in all Enloa faucets are made from the highest grade lead free brass ensuring long lasting durability.
