About Us

Wah Lazwab is a top-notch manufacturer and supplier of superior quality spray-dried fruit powder. We are the manufacturers of banana peel powder, dehydrated & natural banana powder and banana milkshake powder. Our products are appreciated and loved by one and all across the length and breadth of the country.

Our method of manufacturing from the first step to the last is thorough examination and scrutiny. Every batch of raw materials that enter our facility at Kushinagar in Uttar Pradesh is examined deeply for quality. We pass those materials if only our in-house experts are satisfied with them. They have to be of superior grade without any flaws to be passed. And to ensure this, we have many vendors who have healthy rivalry between themselves.

They are manufactured in absolutely safe and hygienic environments so that there is the least chance of contamination from their consumption. After the production stage is complete they are packed in equally healthy and hygienic conditions.

Our products are extremely loved because of their rich taste. The products are known for their long shelf life if stored in optimum conditions and manufactured in extremely hygienic conditions. You can be assured of the quality of all our products which are safe for consumption by all age groups. We hope to be the same with our quality all throughout.
