# ABOUT US

Sri Krishna Minerals is a prominent importer, exporter, and supplier of high-quality industrial coal and red chilies. Established in the year 2015, the company is located in Tirupati (Andhra Pradesh). Under the leadership of Mrs. Bisalakshmi & Mr. Yachandra Reddy, the founders of the company, we have established a distinct position for ourselves in the industry. Owing to their ample knowledge and rich market experience, we remain ahead of others in the market.

The offered product range chiefly comprises Australian coal, Indonesian coal, South African coal, steam coal, fresh red chilies, and dried red chilies. Following ethical business practices, our company has carved a niche as one of the trustworthy industrial coal and red chilies suppliers in India. Our coal is widely demanded across various industries including the metal industry, cement industry, chemical industry, etc. We supply our chilies to various retail shops, grocery shops, companies involved in manufacturing food items, etc. We are known to provide complete satisfaction to the customers by catering to their demands with sincerity.

Owing to the priority to provide only quality products, we source our coal and chilies from reliable vendors only. We have a huge, well-established business network that is widely spread in different regions of the globe. The network is well-supported with top-notch logistics facilities that assist in importing coal and chilies from vendors based in India, Australia, Indonesia, South Africa, etc. Moreover, our strong networking has played a crucial role in increasing our clientele in India as well as in various foreign countries.
