

# ARVIND ENTERPRISES

Established in the year 1980, we, Arvind Enterprises, are one of the leading manufacturers and suppliers of a superlative range of industrial machines in India. Our product range includes heavy-duty lathe machines, radial drilling machines, shaping machines, etc. All of these machines are available with contemporary designs, robust construction, seamless finishes, advanced features, and the best quality materials.

# About Us

Established in the year 1980, we, Arvind Enterprises, are one of the leading manufacturers and suppliers of a superlative range of industrial machines in India. Our product range includes heavy-duty lathe machines, radial drilling machines, shaping machines, etc. All of these machines are available with contemporary designs, robust construction, seamless finishes, advanced features, and the best quality materials. Apart from the aforementioned machines, we are specialized in providing solutions for lathe machines, radial drilling machines, and shaping machine repairs.

All of our machines are designed and developed by skilled & experienced people having a thorough knowledge of the prevailing market trends. The quality of our machines is the prime factor that made the company a top player in this industry. We have made a quality control strategy and followed it stringently throughout the entire business process. We have a dedicated supervising team that keeps a close watch on the whole production process. Several quality tests are conducted on the finished products in order to ensure that the entire lot is in line with the defined quality standards. As a reliable service provider, we ensure that all our repair services are handled by professionals only. Our expert team uses advanced techniques for repairing lathe machines, radial machines, and shaping machines.

We are a professionally managed company having our own manufacturing facility built in Batala (Punjab). Our production unit is furnished with the latest machinery that gives excellent flexibility to the whole production process. The implementation of advanced technology in our manufacturing unit ensures cost-effective production and superiority in our machine range.

We believe in building and maintaining long-term bonds with our clients. Our continuous efforts to provide quality products and satisfactory services to our esteemed clients, our ethical business policy, and our sincerity help us to reach greater heights of success in this field.

# Our Products

## 6 Feet Heavy Duty Lathe Machine

Certification : ISO 9001 2008  
Packaging Type : Carton Box

## 7 Feet Heavy Duty Lathe Machine

Business Type : Manufacturer, Supplier  
Country of Origin : India  
Distance Between Centre : 1000mm  
Height of Centre : 254 mm

## 1200 RMP Radial Drilling Machine

Business Type : Manufacturer, Supplier  
Spindle Speed : 1200 RMP  
Type of Drilling Machine : Radial  
Spindle Travel : 400mm

# Our Products

## 1400 RMP Radial Drilling Machine

Business Type	:	Manufacturer, Supplier
Spindle Speed	:	1400 RMP
Type of Drilling Machine	:	Radial
Spindle Travel	:	500mm

## 1600 RMP Heavy Duty Radial Drilling Machine

Business Type	:	Manufacturer, Supplier
Country of Origin	:	India
Drilling Capacity	:	55mm
Distance between Spindle and Base Plate	:	300/1600 mm

## Geared Radial Drill Machine

Business Type	:	Manufacturer, Supplier
Number of Spindle Speed	:	8 Speed
Base Plate Size	:	1000 X 1400 X 200 mm
Drilling Capacity	:	63mm

# Our Products

## Automatic Shaping Machine

Business Type	:	Manufacturer, Supplier
Usage/Application	:	Industries
Size	:	4 ft (Height)
Driven Type	:	Belt Driven

## Manual Shaping Machine

Business Type	:	Manufacturer, Supplier
Size	:	3ft (Height)
Driven Type	:	Belt Driven
Automation Grade	:	Manual

## Semi Automatic Shaping Machine

Business Type	:	Manufacturer, Supplier
Country of Origin	:	India
Size	:	3ft (Height)
Driven Type	:	Geared
