Bombay Dyes and Chemicals, established in 1986, is a trusted and reputed name in the manufacturing and supply of high-quality dyes and chemicals. With decades of industry expertise, we have built a strong reputation for delivering premium products that meet national and international quality standards.

Driven by a commitment to quality, innovation, and customer satisfaction, we combine advanced manufacturing processes, modern infrastructure, and stringent quality control systems to ensure excellence in every batch we produce. Our team of skilled professionals and dedicated testing facilities enable us to maintain consistency, purity, and superior product performance.

Our extensive product range includes Auramine O, Basic Red, Malachite Green, Methyl Violet Crystals, Rhodamine B, and other specialized dye solutions known for their high purity, vibrant shades, excellent solubility, long shelf life, and consistent quality.

We cater to diverse industries such as Textile, Paper, Leather, Printing Inks, Plastics, and Research Laboratories, providing customized solutions to meet varied industrial requirements. With a strong focus on timely delivery, competitive pricing, and reliable service, we support both domestic and international markets through our efficient export and bulk supply capabilities.

At Bombay Dyes and Chemicals, our mission is simple – adding colours to your products and adding value to your business. Through continuous improvement, ethical business practices, and a customer-centric approach, we strive to remain a preferred partner for quality dyes and chemical solutions worldwide.
