ABOUT US

Infinium Polychem has well equipped analytical and application labs for textile, paper, food and adhesive industries. All innovations at Infinium Polychem are aimed at Customer Delight and green environment. We take utmost care while developing products that the use of our product does not harm the environment in any way.

ABOUT US

At Infinium Polychem we are committed to the growth of customers by providing them with innovative products and process improvement solutions. Experienced team, knowledge base, use of technology and infrastructure at Infinium Polychem are the foremost growth drivers. Infinium Polychem has well equipped analytical and application labs for textile, paper, food and adhesive industries. All innovations at Infinium Polychem are aimed at Customer Delight and green environment. We take utmost care while developing products that the use of our product does not harm the environment in any way.

It's a challenge for business houses to accommodate and move ahead by dealing with such changes and stay in the race by sustaining or increasing their output to fulfil the demand of the market they are catering to.

Infinium Polychem helps its clients to take advantage of technological changes by developing and providing innovative solutions for their growth. Infinium Polychem continuously scans external environment changes that affect its customer. Inclination towards Research & Development mainly in the field of product innovation and application development is core strength of Infinium Polychem.

Innovations, environmental issues, cost competitiveness and staying ahead of the curve are the demands that put our industries on continuous lookout for the products that fall into these buckets and that are where Infinium Polychem comes into play. Our deep understanding of the industries that we serve, place us in a unique position to fulfill their demands or rather their wishes. Infinium Polychem (IPC) is conscious, engaged and focused in meeting the ever growing demand of the specialty products for the range of industries that we serve.

Research & Technology Driven

Co-promoted by a reputed business house, the IPC has a team of technocrats having more than 30 years of strong technological and research based background. The expertise spans across product development, applications development, product optimization, cost optimization and customization to the specific needs of the customers.

IPC's endeavor and objectives are well backed up intellectually and infra-structurally by a strong technology base combined with state-of-the-art R&D centre and the manufacturing facility.

Biotechnology

At IPC, biotech products are on prime focus. Using its rich and well established technology, experience and R&D, IPC manufactures Gluconates and Industrial Enzymes.

Name of CEO
Mr. Darshan Mehta

Nature of Business
Manufacturer, Exporter

Number of Employees
25 to 50 People

Calcium Gluconate

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Packaging Size : 25 Kg
- > Melting Point : 120 Deg C
- > Color : White
- > Packaging Type : Packet
- > Manufactured By : Infinium Polychem
- > Physical Form : Powder
- > Formula : C₁₂H₂₂CaO₁₄

Sodium Gluconate

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Form : Powder
- > Packaging Size : 50 Kg
- > Packaging Type : Packet
- > Chemical Formula : C₆H₁₁NaO₇
- > Molecular Weight : 218.14 g/mol
- > Manufactured By : Infinium Polychem

Infsize N-30 Textile Sizing Binder

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Form : Powder
- > Color : White
- > Packaging Size : 25 Kg
- > Packaging Type : PP Sack Bag
- > Country of Origin : Made in India
- > Manufactured By : Infinium Polychem

Infsize N-80 Textile Sizing Binder

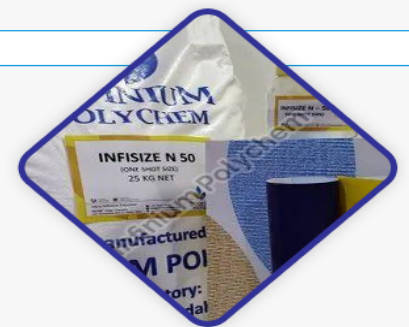

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Form : Powder
- > Color : White
- > Packaging Size : 25 Kg
- > Packaging Type : PP Sack Bag
- > Type : Starch Based
- > Category : Textile Warp (Yarn) Sizing

Infsize N50 Textile Sizing Binder

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Form : Powder
- > Color : White
- > Packaging Size : 25 Kg
- > Packaging Type : Packet
- > Manufactured By : Infinium Polychem
- > Category : Textile Warp (Yarn) Sizing

Infisize-N LV100 Modified Starch

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Packaging Size : 25 Kg
- > Form : Powder
- > Speciality : High in Protein
- > Packaging Type : PP Bags
- > PH Value : 5 to 7.5
- > Color : Yellowish

Thin Boiling Starch

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Industrial
- > Physical State : Powder
- > Grade Standard : Technical Grade
- > Color : White
- > Country of Origin : Made in India
- > Packaging Size : 50 Kg
- > Packaging Type : Bag

Inflox 40 Oxidised Starch

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Paper Industry
- > Packaging Size : 50 Kg
- > Form : Powder
- > Speciality : High in Protein
- > Packaging Type : PP Sack Bag
- > Color: White
- > Moisture : 12 % Maximum

Infispray Spray Starch

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Packaging Type : PP Sack Bag
- > Packaging Size : 50 Kg
- > Country of Origin : Made in India
- > Form : Powder
- > Manufactured By : Infinium Polychem
- > Color : White
- > Usage/Application : Paper Industry

Infizyme BPC Bio Polish Enzyme

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Packaging Type : HDPE Drum
- > Packaging Size : 35 Kg
- > Form : Liquid
- > Usage : Textile Industry
- > Enzyme Type : Cellulase Enzyme
- > Color: Black
- > Manufactured By : Infinium Polychem

Neutral Enzyme

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Packaging Type : Plastic Can
- > Packaging Size : 50 Kg
- > Usage : Textile
- > Grade : Chemical Grade

Alpha Amylase Desizing Enzyme

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Packaging Type : HDPE Barrel
- > Packaging Size : 35 Kg
- > Physical Form : Liquid
- > pH Value : 6-7
- > Country of Origin : Made in India
- > Optimum Temperature : 45-55 Deg C

Infizyme HTAA Liquid Desizing Enzyme

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Packaging Size : 35 Kg
- > Packaging Type : HDPE Drum
- > Form : Liquid
- > Manufactured By : Infinium Polychem
- > Color: Black
- > Type : Alpha Amylase Enzyme

Infizyme LTAA 25 Liquid Desizing Enzyme

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Packaging Size : 35 Kg
- > Packaging Type : HDPE Drum
- > Form : Liquid
- > Country of Origin : Made in India
- > Manufactured By : Infinium Polychem
- > Enzyme : Alpha Amylase Enzyme

Infizyme MTAA 600 Liquid Desizing Enzyme

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Form : Liquid
- > Country of Origin : Made in India
- > Packaging Type : HDPE Carboy
- > Packaging Size : 35 Kg
- > Manufactured By : Infinium Polychem
- > Color: Black

Infizyme P Desizing Enzyme

SPECIFICATIONS

- › Business Type : Manufacturer, Exporter
- › Usage/Application : Textile Industry
- › Form : Powder
- › Packaging Type : PP Sack Bag
- › Packaging Size : 50 Kg
- › Color : Brown
- › Manufactured By : Infinium Polychem

Infizyme PKE 200 Peroxide Killer

SPECIFICATIONS

- › Business Type : Manufacturer, Exporter
- › Type/Catalase : Enzymes
- › Physical State : Liquid
- › Packaging Size : 35 Kg
- › Packaging Type : HDPE Drum
- › Country of Origin : Made in India
- › End Use Industry : Textile
- › Manufactured By : Infinium Polychem

Infizyme PKE 70 Peroxide Killer

SPECIFICATIONS

- › Business Type : Manufacturer, Exporter
- › Usage/Application : Peroxide Killer, Peroxide Neutralizing Enzyme
- › Packaging Size : 35 Kg
- › Packaging Type : HDPE Drum
- › Form : Liquid
- › Optimal Temperature Range : 35-65 Deg C
- › Operational Temperature Range : 30-70 Deg C
- › Optimal pH Range : 4.5-7.5

Infisize N SRM Synthetic Textile Sizing Binder

SPECIFICATIONS

- › Business Type : Manufacturer, Exporter
- › Usage/Application : Textile Industry
- › Form : Powder
- › Color : White
- › Packaging Size : 20 Kg
- › Packaging Type : Bag
- › Manufactured By : Infinium Polychem
- › Category: Textile Warp (Yarn) Sizing

Infisize S-15 Synthetic Textile Sizing Binder

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Form : Powder
- > Color : White
- > Packaging Size : 25 Kg
- > Packaging Type : Bag
- > Manufactured By : Infinium Polychem
- > Category: Textile Warp (Yarn) Sizing

Infisize SA4 Synthetic Textile Sizing Binder

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Form : Powder
- > Color : White
- > Packaging Size : 25 Kg
- > Packaging Type : Bag
- > Manufactured By : Infinium Polychem
- > Category: Textile Warp (Yarn) Sizing

Infisize SPW Synthetic Textile Sizing Binder

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Textile Industry
- > Form : Powder
- > Color : White
- > Packaging Size : 25 Kg
- > Packaging Type : Bag
- > Manufactured By : Infinium Polychem
- > Category: Textile Warp (Yarn) Sizing

Infibond S-05 Paper Sizing Chemical

SPECIFICATIONS

- > Business Type : Manufacturer, Exporter
- > Usage/Application : Paper Industry
- > Packaging Type : Bag
- > Grade Standard : Bio-Tech Grade
- > Physical State : Powder
- > Packaging Size : 25 Kg
- > Color : White
- > Country of Origin : Made in India
