

Mars Turnkey Solutions

Mars Turnkey Solution is the leading name in manufacturing, exporting and supplying cold storage solutions. We are dedicated to creating excellent quality cold storage rooms, plants, commercial blast freezers, and mushroom growing chambers. We regulate both our manufacturing and supplying units from Mumbai, Maharashtra. Our Mission When we began our journey in the year 2005, our only motive is to deliver top-quality industrial-grade cold room solutions.

Mars Turnkey Solution is the leading name in manufacturing, exporting and supplying cold storage solutions. We are dedicated to creating excellent quality cold storage rooms, plants, commercial blast freezers, and mushroom growing chambers. We regulate both our manufacturing and supplying units from Mumbai, Maharashtra.

Our Mission

When we began our journey in the year 2005, our only motive is to deliver top-quality industrial-grade cold room solutions. For this reason, we always have tried to combine quality with advanced innovative technology. With this tandem, we have been fulfilling the massive worldwide requirements of our clients with absolute mastery. Multiple well-recognised brands from different industries trust us for their cold room solution needs.

Our Team & Speciality

We possess almost 20 professional cold storage experts who have years of experience in this sector. Each of them has a rich industry experience which ensures better production and supply. New innovative methods of production and supply, quality checks, and client satisfaction are our long-term commitments to our partners and clients. We keep financing technological inventions and product advancements.

This makes us capable of making products that can surely help your business grow bigger. Unlike most brands, we offer high-quality precise maintenance and installation service. And this too in exhilarating rate is that anyone can afford them. The demand for our products is high because of their superior quality, seamless finish, diverse patterns, and reasonable price.
