## OUR VENDOR BASE

We are backed by a well acknowledged group of names who are accustomed to provide internationally acclaimed products and contain an established infrastructure with the best technology along with long years of expertise to function in the most proficient manner. With their background they are able to support all our order specifications and time bound needs.

## QUALITY ASSURANCE

Adherence to the safety and quality norms of this industry is what we strive to serve through a wide range of products that meet the international standards all over the globe. Before procurement we leave no stone unturned to strictly check the products in terms of strength, structure, finish, durability, endurance, functionality and most importantly its core material. We also deal in products that are sourced from only technically apt, experienced and well to do experts.

## OUR TEAM

We have a team of fully trained procuring agents and quality experts who have an eye to judge the different components of the product with ease. Moreover, our team works in a systematic way to reach our set goals well in due time.

## OUR DELIVERY

With a spacious infrastructure facility we are able to store a large amount of stock well in advance. In addition, we also have several distribution sources who are present in every region across the globe to conveniently provide safe and timely delivery of orders.
