We provide and extend personalized & innovative healthcare services to our customers.

## **53 YEARS EXPERIENCE & GROWING**

### **OUR ROOTS**

The pharma and healthcare industry is highly dynamic. Jindal Medical Store (JMS) has been able to stay abreast with this dynamic by incorporating strategies that have helped the company to establish a legacy of more than five decades. With a humble beginning in 1968, the company has achieved beehemoth growth. It is a result of the arduous efforts of its founder Mr. Vijay Kumar Jindal; his vision, planning & execution led by a team of co-workers. Now Mr. Kapil Jindal (Director) is carrying this legacy forward.

### **THE LEGACY CONTINUES**

Since the time of its inception, Jindal Medical Store has been working incessantly to supply medicines in the domestic as well as international market. It was in 1981 that the company made its first international export to Russia. To strengthen our international bond, JMS collaborated with Middle-East pharmaceutical companies in 1984. Since then, JMS has been rendering impeccable support and services to pharma companies to capture their international market. To substantiate excellent quality and maintain standards, JMS also got the ISO-9001:2008 certification.

The company promises to provide the best services to its clients by bridging the gap between demand and supply. Our local presence and global approach have made us a trusted name amongst the pharma companies who are willing to expand their business and are looking for a platform where they get easy access to the market outside. With unparalleled expertise and knowledge about the international market, Jindal Medical Store has been able to provide unfettered support to its clients. Some of the eminent names that have availed our services include Pfizer, Novartis, Wyeth, Abbott, Cipla etc.
