Welcome to Axardeep Polymers Private Limited, a trusted name in the manufacturing, exporting, and supplying of high-quality PVC and WPC boards. Established in 1991, we take pride in our decades-long commitment to delivering top-notch products to our valued customers. Our company is headquartered in Vadodara, Gujarat, and was founded by Mr. Subhash Patel, a visionary leader dedicated to excellence in the field of polymer-based boards.

Our extensive product range includes PVC Sheets, PVC Boards, WPC Boards, and more, all crafted with precision and care by our skilled professionals. These boards are manufactured using premium-grade polyvinyl chloride (PVC) and state-of-the-art techniques, ensuring their superior quality. We source our PVC materials from reliable and certified vendors in line with international quality standards.

Our boards are renowned for their exceptional features, including a smooth surface, flawless finish, sturdy construction, moisture and alkali resistance, crack resistance, attractive appearance, waterproofing, termite resistance, corrosion resistance, and chemical resistance. These attributes make them suitable for a wide range of applications, from furniture to indoor and outdoor decoration, and even building construction. In essence, our products offer the same versatility and utility as traditional wooden boards.

We are proud to have a strong global presence, serving markets not only in India but also in countries such as Australia, Canada, Kenya, Uganda, and Oman. This international reach reflects the trust and satisfaction of our customers across borders.

At Axardeep Polymers Private Limited, our commitment to quality is matched only by our dedication to innovation. Our state-of-the-art infrastructure, equipped with the latest machinery and technology, is the cornerstone of our manufacturing excellence. We have carefully organized our facility into various units, including procurement, production, quality control, and sales and marketing, to ensure streamlined operations and efficient service delivery. Additionally, our modern warehousing facility allows us to store large quantities of products securely, ready to meet bulk orders with ease.

We at Axardeep manufacture Environment friendly and our all products gives sustainability to both ecosystem and environment. We should stop cutting of Trees and more Trees should be grown Axardeep provides the best alternative/replacement of wood which helps to keep environment pure and clean. We Strongly Believe in Save Trees and Save Environment.
