About Us

Shrestha Bio Organics was established in the year 2023 in Karnataka, India. We are reliable manufacturers and suppliers of Vermicompost fertilizer.

Our world is shaped by a passion for innovation, concern for quality and commitment to providing the best products to the valued customer. Today, our effective marketing strategy and ethical business policies have helped us in catering to the needs of our clients from all over the world.

Infrastructure our infrastructure comprises a well-equipped Processing unit and a spacious Warehousing facility. It is well furnished with all kinds of modern and contemporary machines & equipment that are necessary for the effectual production of high-grade Organic Fertilizers. Our Warehouse unit is crucial for the proper storage and dispatch of bulk orders.

Clientele

We are recognized as a quality-conscious organization, and we have been able to attract a large number of customers in India and Overseas also. Our professional attitude and dedication have earned us a client base that uses our products repeatedly. We are motivated by the response and encouragement of our valuable clients.

Our Mission

Enabling Organic Farming, Globally through our effective Organic Fertilizers.

Our Vision

Our vision is to ensure the Health of soil, food Safety and food Security. We aim to replace the maximum possible chemical inputs in agriculture with organic sustainable inputs and to reduce production costs by providing low-cost organic farming inputs.

Our Services

Our services and performance are at par with International Standards. We believe in and practice total commitment, on-time delivery and customer friendly approach for a better deliverable project. Moreover, our dedicated team ensures a continuous & timely supply of quality products, thus generating considerable goodwill and building excellent business relationships.
