

ADVANCE FURNACE TECHNOLOGIES

OUR PRODUCTS

- AI Holding Crucible Less Furnace.
- AI Skelner & Reverberatory Hydraulic Furnace.
- Electrically Heated Stress Relieving Furnace.
- Gas Fired and Electrically Heated Crucible Type Hydraulic Tilting Furnace.
- Gas Fired and Oil Fired Boogie Hearth Furnace.
- Heavy Structure Boogie Type Stress Relieving Furnace.
- AI Melting and Holding Furnace (Electric and Gas Fired)
- Tempering Furnace and Salt Bath Furnace.
- Dross Machine and Ladle Pre Heater.
- Electrically Heated Trolley Type Oven.
- Rotary Furnace for All Capacity.
- Air Pollution Control Device For furnace (APDC)
- AI Recycling Plant Furnaces. (Melting + Conveyor + APCD)

ABOUT US

Established in the year 2007, Advance Furnace Technologies is one of the most promising Manufacturers, Exporters and Suppliers of Industrial Products. We have achieved remarkable success in the highly competitive market in such a small span of time due to the expert guidance of our mentor Mr. M. S. Rawat (Proprietor) who has more than 15 years experience in furnace line.

About Us

Established in the year 2007, Advance Furnace Technologies is one of the most promising Manufacturers, Exporters and Suppliers of Industrial Products. We have achieved remarkable success in the highly competitive market in such a small span of time due to the expert guidance of our mentor Mr. M. S. Rawat (Proprietor) who has more than 20 years experience in furnace line. We are chiefly functioning from Faridabad (Haryana) and catering to the requirements of several industrial segments across the globe. Production We are engaged in the manufacturing, exporting & supplying a wide assortment of Aluminium Melting Furnace, Rotary Melting Furnace, Stress Relieving Furnace & Tower Melting Furnace. Our range of products are highly appreciated & demanded among the customers for their high end features like better performance, robust construction, high efficiency, longer functional life, etc. Facilities Apart from developing a highly sophisticated manufacturing unit, we have also invested quite considerably in ultra-modern facilities comprising :

- Customized Production Facility
- Testing Facilities
- R&D Facilities
- Customized Packaging Facility
- CAD & CAM Facility

Network We have formed a well-connected network not only in the country, but across the globe. The network helps us to reach out to the clients located in different parts of the world. Our network is spread over Gulf countries and all Asian & African countries.

Our organization has experienced and qualified professionals having knack to come up with the best by utilizing the advanced technology and methodologies. They are highly talented and make every possible effort to ensure maximum satisfaction to the clients. It's due to their contributed efforts that the company has firmly established itself amongst the renowned entities in the domain.
