

ASRT AGENCIES

Year of
Establishment
1990

Supplier,
Retailer &
Wholesaler

Established in 2022 and headquartered in Palakkad, Kerala, Asrt Agencies is a trusted distributor managed by Mr. Ponnumani, offering a range of veterinary products to meet the diverse needs of the agricultural and animal husbandry sectors. Specializing in the distribution of Veterinary Tablets, Veterinary Injections, and Animal Food, the company plays a crucial role in supporting the health and well-being of livestock in the region.

Asrt Agencies is committed to providing high-quality veterinary solutions to farmers, veterinarians, and animal care professionals. The distribution of Veterinary Tablets and Injections reflects the company's dedication to ensuring the health and medical care of animals, contributing to the overall productivity and sustainability of livestock farming.

In addition to pharmaceuticals, Asrt Agencies supplies Animal Food, recognizing the importance of balanced nutrition in maintaining the health and productivity of various animal species. The company sources and distributes premium-quality animal feed to support the nutritional requirements of livestock, ensuring optimal growth and performance.

Under the adept management of Mr. Ponnumani, Asrt Agencies operates with a customer-focused approach, striving to meet the specific needs of clients in the agricultural and veterinary sectors. His leadership and industry expertise guide the company in delivering reliable and effective solutions to its customers.

Asrt Agencies aims to be a key partner in the growth of the agricultural community by providing essential veterinary products that contribute to the overall well-being of animals. With a commitment to quality, integrity, and customer satisfaction, the company is poised to make a positive impact on the livestock industry in Palakkad and beyond. As it continues to expand its product offerings and services, Asrt Agencies remains dedicated to supporting the health and productivity of the region's livestock through its distribution of essential veterinary products and animal feed.
