>>>>> -: About Us :- <<<<<

The founders of Shri Bhagavati Bright Bars Ltd (SBBBL) started their journey in the 1980s with the manufacturing of Cold Drawn Bright Bars, specializing in the production of Hand Pump Shafts.

The company was later established in 1991 with the aim of diversifying its products in tandem with the growing Indian market for Iron and Steel. Thus, began with the increased production capacity for Commercial material as well as Prime (Virgin) Material. The growth in the latter segment started to Outpace the market for the former in the 21st century; hence SBBBL diversified its portfolio for Prime (Virgin) Material with various grades of Stainless Steel, Alloy Steel and Mild Steel, sourced primarily from reputed and approved mills like RINL-VSP, JSW, Sun flag, Neco Jaiswal, Panchmahal, Rimjhim, etc.

With the vision of serving the Customers with their tailored needs, reduce their downtime, machining costs, labour costs and thus reduce their inventory turnover ratio, SBBBL started manufacturing Custom Shaped Bars, Profile Bars and Custom Sized Bars and Wires to suit the end user requirements. These items which demand high levels of accuracy and precision, have been accepted by the Indian industry with a large portfolio of suppliers to various OEMs, aviation equipment manufacturers, large Real Estate groups, Machine Tools manufacturers, etc.

SBBBL boasts of maintaining in its stock an average inventory of 1000 Metric Tonnes to provide just-in-time delivery of goods and thus reduce the idle time and inventory turnover ratio for its customers.

Shri Bhagavati Bright Bars Limited is a leading manufacturer and importer of high-quality bright bars located in Rajkot, Gujarat. The company was established in 1991 with a commitment to providing the best quality products to customers all over the world. With over 32 years of experience in the industry, the company has established itself as a reliable supplier of bright bars.
