

# NEW-AGE SINKS

FOR NEW-AGE KITCHENS

**Kitchenovo**<sup>TM</sup>  
Crafted With Love

INTEGRATED  
EXPERTISE  
IN  
STAINLESS  
STEEL

Suncity Sheets has over 25 years of expertise manufacturing stainless steel and steel products. At our 2 industrial facilities in Jodhpur and Mundra, we have invested in state-of-the-art infrastructure and equipment to achieve production capacity of 100,000 MT per annum, which will soon become 300,000 MT.

These operations provide the high-quality raw material required for our kitchenware production. Integration gives us precise control over the manufacturing process, ensuring quality, consistency, and supply of raw material, while also providing the advantages of economies of scale and competitive price.

# IN-HOUSE DESIGN - FOR THE WORLD

At Suncity Sheets, our pro-active R&D works continuously to develop new methods and designs that enhance form and functionality. Every product design is carefully evaluated, prototyped and tested before it is served to the market.

# YOUR LABEL, OUR QUALITY

Suncity Sheets offers exciting possibilities for private label manufacturing. From the innovation of our designers and testing of in-house R&D to the high installed capacity of our manufacturing plant at Kharagpur and well-established logistics - we are powerfully positioned to partner for building your brand, and serving the global market.

# EXPERIENCE DESIGN INNOVATION

Our goal is to design and manufacture kitchen sinks that stand for innovation, aesthetics and meticulous workmanship. From the creative designs and flexible fitting options to the durable materials and fine finish - every Kitchenovo sink is a statement of impeccable class and quality.

LET'S  
MAKE  
YOUR  
KITCHEN  
DELIGHTFUL!

---

The kitchen is the heart of the home, the centre for food and family. It is also the hardest working room in the home - required to be pleasing, functional, durable and hygienic.

For washing hands, rinsing vegetables to cleaning utensils, the kitchen sink is one of the most vital elements in your kitchen. We give it the attention it deserves – to enhance your experience in the kitchen.

---

# QUARTZ SINKS

Quartz composite is a man made material, composed of natural quartz combined with acrylic resin (generally an 80:20 ratio); granite composite is essentially the same material, made of granite mixed with resin. Stone composite sinks are highly durable with the look and feel similar to natural stone at a much lower price.

- It's incredibly durable and resistant to heat (up to 535° F), scratches, stains, and impact
- Its smooth surface is easy to clean and maintain

- Its natural soundproofing absorbs noise
- It's nonporous, so food particles don't spread

- It's hygienic and bacteria- and odor-resistant
- It complements popular quartz countertops as well as other materials
- It retains its color and uniformity for a lifetime
- It's affordable

# HANDMADE SS SINKS

Handcrafted from premium stainless steel, this line provides a high-end look for any kitchen.

The streamlined designs complement transitional and modern décor alike with clean lines and tight-radius corners. Make a style statement with the handmade series, and create a kitchen you love.

Create everyday unforgettable moments with the perfect masterpieces.  
Inspired by new designing, Kitchenovo is committed to superior quality,  
technology and innovation.

The first impression, but not the last one. A simple touch reveals a unique character with a luxurious matt polish handcrafted to perfection that adds style, quality and distinctness to the kitchen.

The soul of the kitchen starts here as the ultimate choice in kitchen sink.

# PRESSED SS SINKS

Pressed sinks are manufactured at our state-of-the-art plant which has the capacity to produce 30,000 pieces per month. Our range of the latest machinery includes presses of 1100 ton, 850 ton and 680 ton. These machines press a single sheet of stainless steel into a predetermined shape – resulting in a wide range of variants for shapes, lengths, and bowl configurations

# ACCESSORIES

You need the kitchen sink all the time, often without even thinking about it. But a sink does not need to be anonym or ordinary. With the right accessory, you can easily lift the functionality of your sinks and secure even better comfort with innovative details. For example, with a specially designed water lock or with a lift-up valve, a magnetic holder for the dishrag or a built-in soap dispenser.
