

Golden Soil Organics was established in the year 2023 in Haryana, India. We are a manufacturer and supplier of Vermicompost liquid and Vermicompost powder.

Golden Soil Organics

Golden Soil Organics was established in the year 2023 in Haryana, India. We are a manufacturer and supplier of Vermicompost liquid and Vermicompost powder.

Our organization was set up to provide objective information about the use of worms for the benefit of the environment. We are the notable Vermicompost Supplier and Manufacturers. We are engaged in manufacturing, supplying, wholesaling and exporting quality assured range of Organic Vermicompost. The fertilizers are ideal for soil improvement, optimizing crop yields and making plants healthier in an eco-friendly manner while reducing the use of any chemical fertilizer.

Our products are accessible with an assurance of the best quality and standards as per fertilizer control and are widely used for all crops for agriculture, horticulture, plantation crops, nurseries, fruits and vegetables. We can deliver our products in bulk quantities, right within the specified time frame. Vermicompost has become a wide component of agri-business models across the country with very low initial investment and we are the best vermicompost producers.

Quality

Our goal is to provide quality customer service, consistent products at reasonable rates. We produce qualitative 100% organic fertilizer called Vermicompost manure which is primarily composed of three main elements: Nitrogen (N), Phosphorus (P), and Potassium (K), each of these being essential in plant nutrition.

Nitrogen helps plants to grow quickly, increasing the production of seed and fruit, and bettering the quality of leaf and forage crops. Nitrogen is a component containing chlorophyll that gives plants their green colour and also aids in photosynthesis. Phosphorus supports the formation of oils, sugars, and starches.

Name of Founder	Mr. Raman Malik
Year of Establishment	2023
Nature of Business	Manufacturer & Supplier
Number of Employees	Upto 10 Peoples
Market Covered	Pan India

VERMICOMPOST LIQUID

VERMICOMPOST POWDER
