Who are we?

Patekar Agro was established with a mission to minimize food waste by transforming perishable fruits, vegetables, and herbs into delicious and nutritious dehydrated products.

Following extensive research and development, we established an innovative product range.

We preserve the sensory qualities and nutritional value of our products, making them a healthy and convenient choice for consumers.

Total Quality Management (TQM)

From farm to fork:

sourcing of raw materials from carefully chosen farms that meet our strict quality standards.

Safe and sound:

Good Manufacturing Practices (GMP) and Food Safety Standards are always followed in our processing unit.

Always on time:

A reliable supply chain ensures that you'll get your products when you need them.

Adaptable and efficient:

The plant is ready to adopt customer demand as per market needs.

Manufacturing Facility

Patekar Agro's state of the art manufacturing facility is strategically located in Pune, Maharashtra, surrounded by a thriving and progressive agricultural district. This positioning gives us direct access to fresh, high-quality ingredients.

Why Patekar Agro?

Delicious and Nutritious Products:

We offer top-quality, dehydrated fruits, vegetables, and herbs in various forms like flakes, cubes, and powder. You can be sure they are packed with

essential nutrients and delicious flavour.

Trusted Partner for Ready-to-Eat and Ready-to-Cook:

We've earned the trust of major RTE and RTC brands consistently delivering ingredients that retain their natural taste and aroma in final products.

Transparency to Traceability:

From harvest to your plate, we know where every ingredient comes from. Our complete traceability system lets you understand the journey of our products, offering peace of mind and transparency.

Convenient & Sustainable:

Saves your time and energy; no prep is needed; perfect for busy lifestyle; affordable compared to fresh produce

Year-round availability:

Enjoy your favourites anytime. It has longer shelf life without special storage requirement.

Our Proposal

Cutting-edge facilities:

Our state-of-the-art machinery can handle all your dehydration needs.

Bulk solutions:

Whether you're a major brand or just a startup, we provide high-quality dehydrated ingredients in bulk. Repackage them under your label or use them to create something entirely new.

Third party processing:

Want to create your own branded dehydrated products but lack the equipment or expertise? We can help! Bring your vision to life with our third-party processing and white-labelling services.

Patekar Agro offers an innovative line of dehydrated fruits, vegetables and herbs. We spent years perfecting our processes.
