is an ISO 9001:2008 certified organization.

It is a premier exporters, supplier, trader, manufacturer and service provider of a wide variety of superior quality Weighing Scale and Weighbridges

ABOUT US

ARVIN INDIA
AN ISO 9001:2008 CERTIFIED COMPANY

Established in the year 2001, Arvin India is an ISO 9001:2008 certified organization. It is a premier exporters, supplier, trader, manufacturer and service provider of a wide variety of superior quality Weighing Scale and Weighbridges. Our product range include Digital Weighing Scale, Pit Less Type Weighbridge and Industrial Weighbridge. These products are made from high quality raw material and modern technology. These are widely catered to the industry and are known for their high performance, corrosion & abrasion resistance, easy installation and durability.

Our team of procurement agents source the products from tried and tested vendors of the market. Exceptional quality raw material is used in the manufacturing of the range. Quality auditors appointed by us, further conducts checks on the procured range so as to verify quality and durability. As a reputable organization, we also provide efficient after sales services to the customers in the form of operational training and user manuals. Our company also offers customized solutions to the clients at cost effective prices. Products are delivered within the stipulated time period, with formidable packaging facilities that can also be customized as per specifications. It is our endeavor to bring forth a qualitative range of products and services to our esteemed clients that are spread all across the globe. The shipment mode for the range is by cargo, road and sea.

The mentor of the company, A. K Sinha is a highly knowledgeable and pioneering individual, possessing ample experience in this field. Under his inspiring leadership, the company has scaled new heights and carved a niche for itself in this domain. We also export our products globally.
