Welcome to **Tulsi Extrusions Limited**, your trusted partner in the world of plastic manufacturing. Established in 1994 by Mr. Surender Bansal , Mr. Manoj Bindal, our company is proudly headquartered in the vibrant city of Jalgaon, Maharashtra. With a rich history spanning nearly three decades, Tulsi Extrusions has emerged as a leading player in the industry, specializing in the production of high-quality plastic products.

Our journey began with a vision to provide innovative and reliable plastic solutions to meet the diverse needs of our customers. Situated in the strategically located M.I.D.C. area of Jalgaon, Maharashtra, our manufacturing facility enjoys excellent connectivity via both railway and road networks. This prime location enables us to dispatch our products swiftly to any corner of the country, ensuring timely deliveries within 48 to 72 hours. We take pride in our commitment to serving our customers with unparalleled efficiency and convenience.

At Tulsi Extrusions, we understand the importance of accessibility. To better cater to our customers' needs, even for the smallest quantity requirements, we have established various sales distribution points. These distribution points are strategically placed in key locations, allowing us to provide prompt and hassle-free service to our valued clients.

Our product range encompasses a wide array of plastic solutions, including extruded profiles, sheets, and other customized products. We employ state-of-the-art technology and adhere to stringent quality control measures to ensure that every product leaving our facility meets the highest industry standards.

As a company deeply committed to sustainability and environmental responsibility, we take conscious steps to minimize our ecological footprint. Our production processes are designed to be environmentally friendly, and we continually seek innovative ways to reduce waste and conserve resources.

At Tulsi Extrusions Limited, our success is built on a foundation of unwavering dedication to quality, customer satisfaction, and ethical business practices. We consider our customers not just as clients but as partners in our journey of growth and innovation. We look forward to being your trusted source for high-quality plastic solutions and to forging lasting partnerships as we continue to lead the way in the plastics industry.
