

KAPIL ENTERPRISES

Kapil Enterprises was established in 2009 in Haryana, India. We are a manufacturer and trader of recycled fibres, multicolour Dori and a lot more. We are a unique industry in this geography and are advantaged by the proximity to the market both on sales and procurement.

About Us

Kapil Enterprises was established in 2009 in Haryana, India. We are a manufacturer and trader of recycled fibres, multicolour Dori and a lot more. We are a unique industry in this geography and are advantaged by the proximity to the market both on sales and procurement.

We have cutting-edge German technology powering our production lines with exemplary quality and efficient productivity. The hallmark of our technology is in manufacturing dope-dyed colours and speciality recycled polyester fibres.

We have developed more than 50 colours in a short period and have the capabilities to produce Flame retardant, Anti-microbial, Tri-global and hollow fibres. Our Unique Selling Proposition is the ability to manufacture colourants and masterbatches in-house for the Dope dyed processing.

Why Choose Us?

We have the unmatched ability to match the precise colour requirements of our customers. This has given us a great advantage in the marketplace and creates a moat around our business.

We attribute the success of our company to the unending fascination and passion exhibited by experts and professionals. As an integral part of our product development processes, they guide the progress end-to-end right from conceptualization until completion.

We leave no stone unturned to provide our customers with the best products. Choose to deal with us and order now.
