Welcome to K G N Workshop – a pioneering name in the realm of hydraulic excavator solutions. Since our inception in 1991, under the visionary leadership of Mr. Kashinath Mate, we have grown into a distinguished Manufacturer, Exporter, and Supplier of Hydraulic Excavator Buckets. Our commitment extends beyond that, as we also excel in exporting and supplying Refurbished Excavators, Hydraulic Excavator Spare Parts, and Excavator Spares.

Located in the heart of Jalna, Maharashtra, our journey has been fueled by innovation and excellence. With an unwavering focus on quality, we craft Hydraulic Excavator Buckets that set industry standards. Our dedication to sustainability is mirrored in our offering of Used Excavators and their restoration, reducing environmental impact.

At K G N Workshop, we're more than just a company; we're a service provider of trust. Our comprehensive Used Excavator Sale & Purchase Service reflects our commitment to serving clients holistically, matching them with the perfect excavator for their needs.

As a testament to our commitment to quality, we've garnered the trust of clients worldwide. Our products and services go beyond transactions – they are a reflection of our values, dedication, and the expertise of our skilled team.

### **Mission :**

Our mission at K G N Workshop is to be a global leader in providing top-tier hydraulic excavator solutions that redefine industry standards. We are dedicated to delivering products and services of uncompromising quality, fostering sustainability, and building lasting relationships with our clients. Through innovation, expertise, and a commitment to excellence, we aim to empower construction and excavation projects around the world with the best equipment and support.

### **Vision :**

Our vision is to transform the landscape of hydraulic excavator solutions by continuously pushing the boundaries of innovation and sustainability. We aspire to be recognized as the go-to source for hydraulic excavator buckets, spare parts, and refurbished excavators that exemplify craftsmanship, performance, and reliability. Through our customer-centric approach and global reach, we aim to contribute to the growth and success of the construction industry while minimizing its ecological footprint.
