At Fibro Grats Pvt. Ltd., we bring our prominent manufacturing expertise to the Gulf market. Based in Indore, India, and established in the year 2009, we specialize in designing and engineering high-performance FRP/Composite products tailored to meet the extreme structural, process, and environmental demands of the GCC region. Our advanced solutions thrive in corrosive, humid, and high-salinity environments—from the deserts of Saudi Arabia to the coastlines of the UAE.

With an unwavering pledge to quality, development, and consumer loyalty, Fibro Grats Pvt. Ltd. has evolved into a confided-in name in the industry.

We offer a complete suite of engineering-grade materials designed for the most critical industrial applications across the Gulf:

Our Thermoset offerings include optimized materials such as FRP, FRB, FRV, FRVS (for fire safety), FRE, FRHA (for high-alkali processes), FRF, and FRPH.

For hybrid and chemical process needs, we provide a robust range of Thermoplastics (Dual Laminates), including PP/FRP, PVDF/FRP, PVC/FRP, and PPH/FRP, engineered for maximum chemical resistance.

Our vision is a future where FRP development transforms industries, driving manageability, security, and progress. We aim to be a recognized leader in conveying state-of-the-art FRP arrangements that empower businesses and communities across the GCC to thrive in a reasonable and ecologically dependable way.

Our dedicated group of professionals adheres to severe quality control guidelines throughout the entire production process. We utilize advanced manufacturing techniques and top-notch materials to ensure that our items satisfy or surpass industry standards, meeting the technical specifications required for prestigious projects in UAE, KSA, Qatar, Oman, Kuwait, and Bahrain.

With an focus on development, quality, and consumer loyalty, we keep on setting new norms in the industry. Reach us today for all your FRP arrangement necessities. We endeavour to consistently push the limits of what is conceivable with FRP technology, fostering a reality where durable, eco-accommodating, and cost-effective solutions are within everyone's reach.

Name of Founder	Mr Ashok Jain
Year of Establishment	2009
Number of Employees	250 Employees
Nature of Business	Manufacturer, Exporter & Supplier
Market Covered	Worldwide
Legal Status of Firm	Private limited
Annual Turnover	Rs. 50 to 100 Crore Approx.
GST No	23AABCF3644D1Z6

FRP Scrubbing System

FRP Drain Cover

FRP Portable Barricade

FRP Conveyor Hoods

FRP Cable Trays

FRP Pultruded Sections

FRP Chimney

Sound Waveguide FRP Cabinet
