

Sitaram Donkey

Breeding Centre & Dairy Farm

WELCOME TO SITARAM DONKEY BREEDING CENTRE & DAIRY FARM

Since our founding, we have been at the forefront of the moral and environmentally friendly production of donkey goods, and we are located in the thriving Gujarati city of Ahmedabad. Our trip started with a straightforward yet significant idea: using donkeys' unrealised potential to advance humanity.

ABOUT US

Sitaram Donkey
Breeding Centre & Dairy Farm

A normal farm is not Sitaram Donkey Breeding Centre & Dairy Farm. Since our founding, we have been at the forefront of the moral and environmentally friendly production of donkey goods, and we are located in the thriving Gujarati city of Ahmedabad. Our trip started with a straightforward yet significant idea: using donkeys' unrealised potential to advance humanity.

● **The Donkey Difference**

Here at Sitaram, we celebrate the special attributes of donkeys and acknowledge their enormous worth as more than just work animals. We have raised a herd of happy, healthy donkeys via careful breeding and care, guaranteeing the best quality goods made from them. Our products, ranging from nutrient-rich donkey milk to strong donkey urine and organic donkey dung, demonstrate our dedication to quality.

● **Ethical Practices**

We are proud of the morality of the way we raise animals. Our donkeys live dignified and respectful lives as they wander freely over large pastures. We follow strict guidelines for cleanliness and care, putting their welfare first above everything else. By being kind and compassionate to our animals, we not only maintain our commitment to the environment and the community but also assure the highest calibre of products.

● **Beyond Business**

Sitaram Donkey Breeding Centre & Dairy Farm is a reflection of our love for sustainability and creativity, not just a company. We keep funding research and development to find innovative ways to utilise donkeys' potential across a range of businesses. We question norms and push limits because we are committed to progressing while upholding our basic principles.
