ABOUT US

Incepted in the year 2000, we have emerged as one of the salient manufacturers and suppliers of a large range of impeccable quality products. Under the able guidance of Mr. Amit Jain, the CEO of the company, we have achieved a distinct edge in today's competitive era. His vast experience and profound knowledge in this domain has helped us to stand among the overriding crimped wire mesh manufacturers and suppliers in India. Within a short span of time, we have achieved expertise in the manufacturing of vibratory screen, jaw plate, rubber conveyor belt, perforated sheet etc.

● Infrastructure

We have a robust and sound infrastructural base, which is well equipped with the latest technology machines and equipments. We have one of the best in house manufacturing units and R & D centers, which assist us to improve the quality of our products. We regularly upgrade our systems and production machineries, so that we can design our production to meet the ever changing market needs.

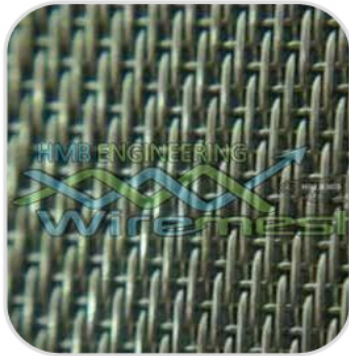

● Team

We are backed by a highly experienced and qualified team of experts, who always work hard to provide superlative products. They are very dedicated towards their work and continuously strive to optimize client's satisfaction level. We conduct various training sessions and seminars at regular intervals so that they can abreast themselves with the changing market requisites.

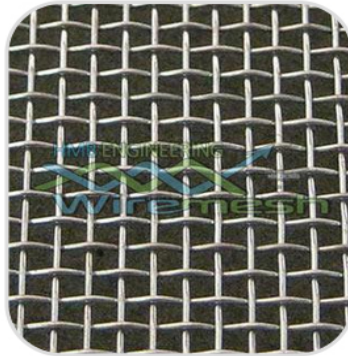

● Our vision

Our vision is to design nonpareil quality products and provide utmost level of satisfaction to our valuable clients. We always endeavor to decrease the gap between the demand and supply. Our prime motto is to earn huge level of success in this industry with the assistance of our trusted and prestigious clients.

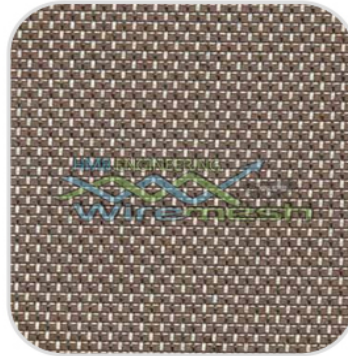

PRODUCTS

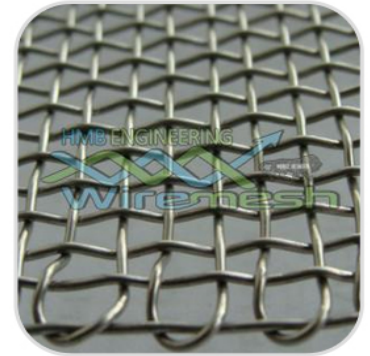

Five Heddle Weave Wire Cloth

High Carbon Steel Woven Wire Cloth

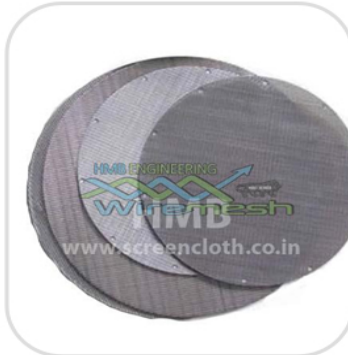

Square Mesh Wire Cloth

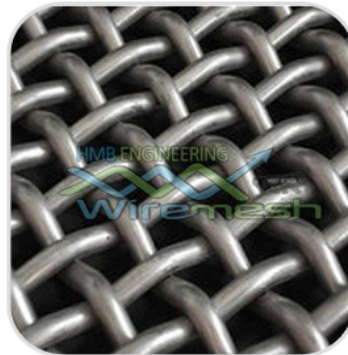

Vibrating Screen Cloth

Vibrating Screens

Woven Wire Screen Cloth
