 **ADROIT
EXTRUSION**
EXPLORERE OF INNOVATION

www.adroitextrusionindia.in

Welcome to Adroit Extrusion, a top producer of vertical plastic mixers based in Gujarat, a thriving state. We have made a reputation for ourselves in the plastic sector by staying committed to quality and innovation.

Our area of expertise is the design and production of premium vertical plastic mixers. We have mastered the art of developing effective and dependable mixing solutions for the plastic production industry through years of experience and knowledge.

We manufacture our vertical plastic mixers at a cutting-edge facility that is outfitted with cutting-edge technology and cutting-edge equipment. Our building is built to increase production, efficiency, and quality control so that we can satisfy the needs of our prestigious clients.

Quality Assurance

We are quite proud of our commitment to providing items of the highest calibre. Our vertical plastic mixers are put through a thorough testing process and meet the strictest criteria set by the sector. Each mixer is meticulously made to guarantee top performance, lifespan, and toughness.

Customer Satisfaction

Our company concept is built upon putting the needs of our clients first. By offering superior products and unmatched service, we hope to establish enduring connections with our customers. From your initial question to post-purchase support, our devoted customer support team is always here to help you.

Customization Options

We are aware that each plastic production procedure has specific needs. As a result, we provide specialised solutions made to meet your unique demands. Our team of experts works together with you to comprehend your needs and provide mixer designs that are best suited to your operations.

3 Layer Blown Film Plant

Business Type	: Manufacturer, Supplier
Type	: Blown Film Plant
Weight	: 0-5000kg, 5000-10000kg
Voltage	: 220V

5 Layer Blown Film Plant

Business Type	: Manufacturer, Supplier
Type	: Blown Film Plant
Weight	: 0-5000kg, 5000-10000kg
Voltage	: 220V

7/5 Layer Blown Film Plant

Business Type	: Manufacturer, Supplier
Type	: Blown Film Plant
Application	: Extruding Plastic Sheets, Films
Weight	: 0-5000kg, 5000-10000kg

Aba Blown Film Plant

Business Type	: Manufacturer, Supplier
Type	: Blown Film Plant
Weight	: 0-5000kg, 5000-10000kg
Voltage	: 220V

Monolayer Blown Film Plant

Business Type	: Manufacturer, Supplier
Type	: Monolayer Blown Film Plant
Application	: Grocery Bags, Shopping Bags, T-Shirt Bags
Weight	: 0-5000kg, 10000-15000kg

Adroit Bubble Slit Assembly

Business Type	: Manufacturer, Supplier
Frequency	: 50/60 Hz
Voltage	: 240 to 440 V
Phase	: Three Phase

Gusset Board Assembly

Business Type	: Manufacturer, Supplier
Capacity	: 50 to 100
Driven Type	: Electrical
Voltage	: 240 to 380 V

Mild Steel Extrusion Process Control

Business Type	: Manufacturer, Supplier
Automatic Grade	: Automatic
Material	: Mild Steel
Production Capacity	: 100 to 500 Kg/hr

Plastic Granule and Powder Mixer Machine

Business Type	: Manufacturer, Supplier
Capacity	: 100-500 L
Material	: SS
Usage/Apl.	: Industrial

Plastic Recycling Machine

Business Type	: Manufacturer, Supplier
Type	: Plastic Recycling Machine
Material	: Metal
Capacity	: 100 kg/hr

Trim Recycling Machine

Business Type	: Manufacturer, Supplier
Type	: Plastic Recycling Machine
Capacity	: 50 Kg Per hour
Automation Grade	: Semi Automatic

Vacuum Loaders

Business Type	: Manufacturer, Supplier
Type	: Vacuum Loaders
Usage/Application	: Industrial
Lifting Capacity	: 25-100 kg

Vertical Granule Mixer with Dryer

Business Type : Manufacturer, Supplier
Type : Vertical Plastic Mixer
Application : Industrial
Weight : 100-200kg, 200-300kg
