AYURVEDA NILAYAM LTD.

Venkateswara Ayurveda Nilayam Ltd. is a premier organization disseminating Ayurvedic knowledge and dispensing medicines to mankind. Ayurveda, a timeless tradition deeply rooted in India's heritage, has been practiced for centuries.

ABOUT US

Venkateswara Ayurveda Nilayam Ltd. is a premier organization disseminating Ayurvedic knowledge and dispensing medicines to mankind. Ayurveda, a timeless tradition deeply rooted in India's heritage, has been practiced for centuries. However, the profound understanding and painstaking development of this authentic medicinal system have been the enduring commitment of the founding pioneers at VAN Ltd.

Our journey commenced in 1925, guided by a firm resolve to provide the most natural medicines with unparalleled efficacy. The visionary pioneer of VAN Ltd., Sri. D. Venkateswarlu, embarked on a mission to create a significant impact on the history of Ayurveda, a journey that was yet to unfold.

In recognition of his tireless efforts to unlock the treasure trove of health within Ayurveda, Sri. D. Venkateswarlu was bestowed with the esteemed title "Vaidyaraja." This marked the beginning of VAN Ltd.'s evolution into a sanctuary of well-being and health, and we have continued to uphold the highest standards of quality and authenticity throughout the years.

With an in-depth understanding of human body constitution and the various ailments that affect individuals throughout their lives, we have crafted medicines that are in a league of their own, offering unmatched relief to those in need and serving as a prescription for a healthy life.

Our journey has spanned over nine decades, during which we have achieved seven Gold Medals for our outstanding contributions to Ayurvedic medicine. These accolades serve as a testament to our unwavering dedication to research, quality, and the well-being of all individuals seeking natural healing.

As we approach our 100th year in January 2023, VAN Ltd. seamlessly integrates modern technology to address contemporary health challenges. Guided by the third generation, we remain committed to our enduring mission to serve humanity's well-being. VAN Ltd. stands as a beacon of knowledge and expertise, carrying forward the same dedication that marked our inception.
