Year of  
Establishment  
2022

Exporter & Supplier

Prisha Pharmaceutical Distributors was established in the year 2022 in Maharashtra, India. We are an exporter and supplier of pharmaceutical vaccines, oncology medicines and a lot more. We have set up a state-of-the-art infrastructural facility, which enables us to serve the clients timely in an appropriate manner.

We have a spacious warehouse, packaging, quality testing, research labs and other allied units. These units are headed by skilled staff having sound industrial knowledge. We upgrade the technology used in our processes at regular intervals, to cope with the ever-changing market trends.

Various factors contribute to our success and long-term survival, but our customer-friendly policies play a prominent role at large. We always believe in serving the clients in the way they want, which has helped us to muster a huge clientele, by winning their trust. With the help of a vast distribution network, we ensure timely deliveries to customer's doorsteps even in the remotest part of the nation.

### **Our Quality**

The prime aim of our firm is to serve clients with the best quality products, hence we keep a close vigil on all the involved processes related to production. Various pre and post-production processes are cross-checked by the quality controllers, to reduce the chances of flaws and errors and to make the final range up-to-the-mark.
