*Supplier,
Importer*

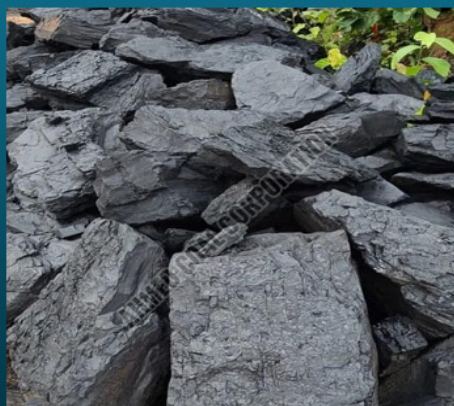

Ahmed Coal Corporation, a pioneering Manufacturers, Exporter & Suppliers of high-quality coal products based in Kolkata, West Bengal. Founded in 2022 by James Das, our company has quickly established itself as a trusted name in the coal industry, dedicated to delivering exceptional products that meet the diverse needs of our clients.

At Ahmed Coal Corporation, we specialize in a variety of coal types, including coking coal, steam coal, bituminous coal, anthracite coal, and non-coking coal. Each of our products is carefully sourced and processed to ensure superior quality and performance. Our coking coal is ideal for the steel industry, providing the necessary carbon content for optimal production. Meanwhile, our steam coal is designed for energy generation, delivering reliability and efficiency to power plants and other industrial applications. We also offer bituminous coal, known for its versatility, and anthracite coal, celebrated for its high carbon content and low impurities.

Our commitment to quality extends beyond our products. We pride ourselves on maintaining sustainable and environmentally responsible practices throughout our operations. By implementing innovative mining and processing techniques, we minimize our ecological footprint while ensuring that our coal products meet the highest industry standards. Our team of experts is dedicated to continuous improvement and strives to exceed customer expectations at every turn.

As a company rooted in strong values, we believe in building lasting relationships with our clients. We work closely with our partners to understand their unique requirements and provide tailored solutions that drive their success. Our responsive customer service and reliable supply chain ensure that our clients receive their products on time and in perfect condition.
